REGULATION (EEC) No 2772/74 OF THE COMMISSION
of 30 October 1974
re-establishing the levying of customs duties on waste of man-made fibres, falling within heading No 56.03, originating in Yugoslavia, to which the preferential tariff arrangements set out in Council Regulation (EEC) No 3505/73 of 18 December 1973 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 3505/73 [1] of 18 December 1973 establishing preferential tariffs in respect of certain textile products and footwear originating in developing countries, and in particular Article 4 (2) thereof;

Whereas Article 1 (3) and (4) of that Regulation provides that customs duties may, for each category of textile products, be suspended up to a Community ceiling equal to 150 % the sum arrived at by adding together the metric tonnage of the products in question, imported into the Community in 1968 and coming from countries listed in Annex B to that Regulation, but not including products coming from countries already covered by various preferential tariff arrangements established by the Community, and 5 % of the 1970 metric tonnage of such imports coming from other countries and from countries already covered by such arrangements; whereas, having regard to that ceiling, the amounts for products originating in any one of the countries listed in Annex B to that Regulation should be within a maximum Community amount representing 50 % of that ceiling, with the exception of certain products for which the maximum amount is to be reduced to the percentage indicated in Annex A to that Regulation; whereas, for those products, this reduced percentage will be 30 %; whereas Article 2 (2) of that Regulation provides that the levying of customs duties may be re-established at any time in respect of imports of the products in question originating in any of the said countries once the relevant Community maximum amount has been reached;

Whereas, in respect of waste of man-made fibres, falling within heading No 56.03, the ceiling, calculated as indicated above, should be 1 500 metric tons, and therefore the maximum amount 450 metric tons; whereas on 21 October 1974 the amounts of imports into the Community of waste of man-made fibres, falling within heading No 56.03, originating in Yugoslavia, a country covered by preferential tariff arrangements reached that maximum amount; whereas, bearing in mind the objectives of Regulation (EEC) No 3505/73 which provides that maximum amounts should not be exceeded, customs duties should be re-established respect of the products in question in relation to Yugoslavia,
