THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 3501/73 [1] of 18 December 1973 establishing preferential tariffs in respect of certain products originating in developing countries, and in particular Article 4 (2) thereof;

Whereas Article 1 (3) of that Regulation provides that the customs duties may, for each category of products, be suspended up to a Community ceiling, expressed in units of account, which will usually be equal to the sum arrived at by adding together the value of the products in question imported cif into the Community in 1971 and coming from countries and territories covered by those arrangements, but not including products coming from countries and territories already covered by various preferential tariff arrangements established by the Community, and 5 % of the value of 1971 cif imports coming from other countries and from countries and territories already covered by such arrangements;

Whereas Article 2 (1) of that Regulation provides that the customs duties may be re-established at any time once the Community ceiling has been reached;

Whereas, in respect of illuminating glassware, signalling glassware and optical elements of glass, not optically worked of optical glass falling within subheading 70.14 B, the ceiling, calculated as indicated above, should be 479 000 units of account;

whereas on 15 November 1974 the amounts of imports into the Community of the products in question, originating in countries and territories covered by preferential tariff arrangements, reached that ceiling; whereas, bearing in mind the objectives of Regulation (EEC) No 3501/73 which provides that the ceiling should not be exceeded, customs duties should be re-established in respect of the products in question,
