REGULATION (EEC) No 2952/74 OF THE COMMISSION

of 22 November 1974

increasing and adjusting the allocation of Community quantitative export quotas for certain types of copper ash and residues, of copper waste and scrap and of aluminium waste and scrap

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to Council Regulation (EEC) No 1023/70 [1] of 25 May 1970 establishing a common procedure for administering quantitative quotas, and in particular Article 2 thereof;

Having regard to Council Regulation (EEC) No 678/74 [2] of 21 March 1974 fixing Community quantitative export quotas for certain types of copper ash and residues and for certain types of copper, aluminium and lead waste and scrap, and in particular Article 2 thereof;

Whereas Regulation (EEC) No 678/74 fixed in 1974 Community quantitative export quotas for the following products at the following levels:

— for copper ash and residues and alloys thereof, falling within heading No ex 26.03 of the Common Customs Tariff, 13 640 metric tons,

— for copper waste and scrap and alloys thereof, falling within heading No ex 74.01 (other) of the Common Customs Tariff, 16 130 metric tons,

— for aluminium waste and scrap, falling within subheading 76.01 B of the Common Customs Tariff, 2 858 metric tons, and

whereas those quotas were allocated by Commission Regulation (EEC) No 875/74 [3] of 10 April 1974;

Whereas the German Government has expressed the need exceptionally to increase, by 65 metric tons, exports of copper ash and residues and alloys thereof, falling within heading No ex 26.03 of the Common Customs Tariff;

Whereas the German and Dutch Government have expressed the need exceptionally to increase exports of copper waste and scrap and alloys thereof, falling within heading No ex 74.01 (other) of the Common Customs Tariff; whereas the German and Dutch quota shares for these products should therefore be increased by drawing on the Community reserve of 750 metric tons provided for in Commission Regulation (EEC) No 875/74;

Whereas, furthermore, the British Government has expressed the need exceptionally to increase, by 250 metric tons, exports of aluminium waste and scrap, falling within subheading 76.01 B of the Common Customs Tariff;

Whereas the increase in these quotas and the consequent increase in the shares to be allocated to Germany, the Netherlands and the United Kingdom for 1974 can in no way prejudge the amount and allocation of the quota for 1975;

Whereas, in order to meet the needs expressed whilst abiding by the criteria laid down for allocating quotas and without jeopardizing the purpose for which the quotas were fixed, the quotas in question and the shares thereof allocated to Germany, the Benelux countries and the United Kingdom should in respect of 1974 and as an exceptional measure be increased to the extent provided in Articles 1, 2 and 3 of this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Quota Administration Committee,

HAS ADOPTED THIS REGULATION:

Article 1

1. The 1974 Community quantitative export quota for copper ash and residues and alloys thereof, falling within heading No ex 26.03 of the Common Customs Tariff as fixed by Council Regulation (EEC) No 678/74 is hereby increased from 13 640 to 13 705 metric tons.

2. The share allocated by Commission Regulation (EEC) No 875/74 to the Federal Republic of Germany is hereby increased from 6 000 to 6 065 metric tons.

Article 2

The shares of the quota for copper waste and scrap and alloys thereof falling within heading No ex 74.01 (other) of the Common Customs Tariff as allocated by Commission Regulation (EEC) No 875/74 are hereby increased as follows, the additional quantities concerned to be drawn out of the Community reserve provided for in that Regulation:

— the share allocated to the Federal Republic of Germany is increased from 5 750 to 6 325 metric tons;

(1) OJ No L 124, 8. 6. 1970, p. 1.
(2) OJ No L 83, 28. 3. 1974, p. 6.
(3) OJ No L 101, 11. 4. 1974, p. 54.

— the share allocated to the Benelux countries is increased from 1 900 to 2 075 metric tons.

Article 3

1. The 1974 Community quantitative export quota for aluminium waste and scrap, falling within subheading 76.01 B of the Common Customs Tariff as fixed by Council Regulation (EEC) No 678/74 is hereby increased from 2 858 to 3 108 metric tons.

2. The share allocated by Commission Regulation (EEC) No 875/74 to the United Kingdom is hereby increased from 488 to 738 metric tons.

Article 4

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*. It shall apply until 31 December 1974.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 22 November 1974.

For the Commission

The President

François-Xavier ORTOLI
