REGULATION (EEC) No 2990/74 OF THE COUNCIL

of 26 November 1974

temporarily suspending the autonomous duties in the Common Customs Tariff on certain industrial products

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 28 thereof;

Having regard to the draft Regulation submitted by the Commission;

Whereas production of the products referred to in the present Regulation is at present inadequate or non-existent within the Community and producers are thus unable to meet the needs of user industries in the Community;

Whereas it is in the Community's interest to suspend the autonomous Common Customs Tariff duties only partially in certain cases, chiefly because of the existence of Community production, and in other cases to supend duties completely;

Whereas, taking account of the difficulties involved in accurately assessing the development of the economic situation in the sectors concerned in the near future, these suspension measures should be taken only temporarily, by fixing their term of validity to coincide with the interests of Community production,

HAS ADOPTED THIS REGULATION:

Article 1

The autonomous Common Customs Tariff duties on the products listed in the Tables annexed hereto shall be suspended at the level indicated in respect of each of them.

These suspensions shall be applicable:

— from 1 January to 30 June 1975 for the products listed in Table I;

— from 1 January to 31 December 1975 for the products listed in Table II.

Article 2

This Regulation shall enter into force on 1 January 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 26 November 1974.

For the Council

The President

J. LECANUET
