REGULATION (EEC) No 402/74 OF THE COMMISSION

of 15 February 1974

amending Regulation (EEC) No 1009/73 adopting in respect of Denmark special measures, for maize groats and meal used in the manufacture of glucose

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to the Treaty [1] on the Accession of new Member States to the European Economic Community and to the European Atomic Energy Community, signed at Brussels on 22 January 1972, and in particular Article 63 of the Act [2] annexed thereto, hereinafter called 'the Act';

Whereas Council Regulation (EEC) No 177/74 [3] of 21 January 1974 extending the period during which transitional measures may be taken in respect of agricultural products in the new Member States provides that such measures may be taken until 31 January 1975;

Whereas Commission Regulation (EEC) No 1009/73 [4] adopting in respect of Denmark special measures for maize groats and meal used in the manufacture of glucose makes provision, as a transitional measure, for a production refund to be available in respect of the manufacture of glucose by the process of direct hydrolysis in the same way as it is available, indirectly, for manufacturers of glucose by the traditional method; whereas the reasons which led to the adoption of that measure still obtain; whereas these transitional arrangements should therefore be extended until the time limit for application set by Article 63 of the Act at the latest;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities.*

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 15 February 1974.
