REGULATION (EEC) No 678/74 OF THE COUNCIL

of 21 March 1974

fixing for the year 1974 the Community quantitative export quota for certain types of copper ash and residues and for certain types of copper, aluminium and lead waste and scrap

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation (EEC) No 2603/69 [1] of 20 December 1969 establishing common rules for exports, and in particular Article 7 thereof ;

Having regard to Council Regulation (EEC) No 1023/70 [2] of 25 May 1970 establishing a common procedure for administering quantitative quotas, and in particular Article 2 thereof ;

Having regard to the proposal from the Commission;

Whereas certain types of copper ash and residues and certain types of copper, aluminium and lead waste and scrap at competitive prices are still in short supply in the Community ;

Whereas unrestricted exportation of those products with a consequent marked increase in exports would aggravate the current supply situation ; whereas quantitative export quotas have been applied till now so as to avoid shortages of supply ;

Whereas Community quantitative export quotas for those products should now be fixed for 1974 and criteria should be laid down for their allocation ;

Whereas the provisions relating to the control of intra-Community trade laid down in Commission Regulation (EEC) No 1279/71 [3] of 17 June 1971 on the use of Community transit documents for the purpose of applying certain measures on the exportation of certain goods apply only if the measures introducing export restrictions provide for their application,
