REGULATION (EEC) No 722/74 OF THE COMMISSION

of 29 March 1974

authorizing the United Kingdom to grant a decreasing national subsidy to pig producers

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty [1] on the Accession of new Member States to the European Economic Community and the European Atomic Energy Community, and in particular Article 63 of the Act [2] annexed thereto;

Whereas in the United Kingdom there is a particular problem for pork; whereas before Accession there existed a national system of guaranteed prices based on a national formula for a feeding ration; whereas by the provisions of the Act of Accession this formula could be maintained; whereas the price for cereals in the United Kingdom is at the same level as in the other Member States; and the price of cereal feedingstuffs is at present higher on the world market than on the Community markets;

Whereas resulting from the factors given above there is an appreciable rise in the price of cereal feedingstuffs in proportion to those registered on the national market before Accession;

Whereas it is necessary in these conditions, given the request of the United Kingdom in this matter, to authorize this Member State to grant a temporary and transitory decreasing subsidy to pig producers;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Pigmeat,

HAS ADOPTED THIS REGULATION:
