REGULATION (EEC) No 1300/75 OF THE COUNCIL

of 20 May 1975

supplementing Annexes I and II to Regulation (EEC) No 3042/74 on the tariff treatment of certain products intended for use in the construction, maintenance and repair of aircraft

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 28 thereof;

Having regard to the draft Regulation submitted by the Commission;

Whereas Council Regulation (EEC) No 3042/74 [1] of 18 November 1974, on the tariff treatment of certain products intended for use in the construction, maintenance and repair of aircraft provides, *inter alia*, for the total or partial suspension, as the case may be, of the duties laid down in the Common Customs Tariff for a certain number of products intended to be used, under customs control, for the purposes of construction, maintenance or repair, in aeroplanes of an unladen weight exceeding 15 000 kg;

Whereas it has become apparent that a certain number of other products which are not currently available in the Community are also necessary for the same purposes for aeroplanes of the same category and especially aeroplanes of the Concorde type; whereas it is consequently necessary, as far as may be appropriate, to suspend the Common Customs Tariff duties applicable to such products; whereas for this purpose it is necessary to make additions to Annexes I and II to Regulation (EEC) No 3042/74 with effect from 1 July 1975,

HAS ADOPTED THIS REGULATION:

Article 1

Annexes I and II to Regulation (EEC) No 3042/74 shall be supplemented in accordance with Annexes I and II to this Regulation.

Article 2

This Regulation shall enter into force on 1 July 1975.

It shall apply until 31 December 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 May 1975.

For the Council

The President

R. RYAN
