REGULATION (EEC) No 1317/75 OF THE COMMISSION

of 23 May 1975

amending Regulation (EEC) No 1315/74 on the deboning of beef bought in by intervention agencies

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 805/68 (1) of 27 June 1968 on the common organization of the market in beef and veal, as last amended by Regulation (EEC) No 1855/74 (2), and in particular Article 7 (3) thereof;

Whereas under Commission Regulation (EEC) No 1315/74 (3) of 28 May 1974, intervention agencies are enabled to debone beef and veal taken over by them; whereas this possibility has led to the constitution of large stocks of deboned meat for which marketing difficulties may arise if these stocks continue to build up;

Whereas it is advisable, particularly in the light of experience acquired at the time of sales of deboned meat to adapt the specifications for deboning; while this adaptation cannot be accomplished immediately however, it is opportune during a short delay to maintain the authorization to continue deboning following the commercial conditions fixed by the intervention agencies;

Whereas the problems of selling shows that it is advisable to limit, for the present, in certain Member States the deboning to a percentage of the quantities of meat purchased each week;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:
