REGULATION (EEC) No 1355/75 OF THE COMMISSION

of 28 May 1975

ceasing the granting of private storage aid and prolonging contracts for certain products stored in the pigmeat sector

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 121/67/EEC (1) of 13 June 1967 on the common organization of the market in pigmeat, as last amended by Regulation (EEC) No 1861/74 (2), and in particular Article 4 (6) thereof;

Whereas private storage aid granted pursuant to Commission Regulation (EEC) No 1637/74 (3) of 27 June 1974 on special conditions for granting private storage aid for pigmeat, as last amended by Regulation (EEC) No 775/75 (4), has had a favourable effect on the pigmeat market; whereas during the coming months a stabilization of the prices is expected to take place;

Whereas the granting of private storage aid for pigmeat should therefore cease;

Whereas, however, during the coming months this stabilization of market prices may be threatened by the removal from store of considerable quantities of products being under a contract; whereas storers should therefore be allowed to prolong these contracts for an appropriate period;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Pigmeat,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 15 June 1975 applications for private storage aid for pigmeat shall no longer be complied with.

2. For the products listed in the Annex and for contracts on aid for private storage still current on 15 June 1975 the duration of storage may be prolonged by one or two months at the storer's request. This request must be made before the expiration of the contract and at the latest by 30 June 1975.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities.*

This Regulation shall be binding in its entirety and directly applicable in all Member States.
