REGULATION (EEC) No 1602/75 OF THE COUNCIL

of 24 June 1975

amending Regulation (EEC) No 229/73 as regards the accession compensatory amounts and coefficients to be applied thereto for cereals

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to the Treaty of Accession, and in particular Article 62 (1) of the Act (1) annexed thereto ;

Having regard to the proposal from the Commission ;

Whereas the compensatory amounts which are applicable until 31 July 1975 for common wheat and barley were fixed by Article 1 of Council Regulation (EEC) No 229/73 (2) of 31 January 1973 laying down general rules for the system of compensatory amounts for cereals and determing these for certain products, as amended by Regulation (EEC) No 2518/74 (3) ; whereas, in accordance with Article 55 (2) of the Act of Accession, these amounts correspond to the difference between prices established in the new Member State concerned and the common prices ;

Whereas, in accordance with Article 52 of the Act of Accession, the prices established in the new Member States must be aligned with the level of the common prices in six stages ; whereas, for the marketing year 1975/76, the result of this alignment is the prices for common wheat and barley that are dealt with both in Council Regulation (EEC) No 1171/75 (4) of 28 April 1975 determining for the 1975/76 marketing year the single intervention prices for barley, rye, durum wheat and maize, the principal marketing centres for common wheat, and the derived intervention prices applicable at those centres, and Commission Regulation (EEC) No 1508/75 (5) of 6 June 1975 determining for the 1975/76 marketing year certain marketing centres for cereals and the derived intervention prices applicable therein ; whereas, in accordance with Article 55 (2) of the Act of Accession, the difference between these prices and the common prices constitutes the accession compensatory amount that is valid for the new marketing year ;

Whereas Council Regulation (EEC) No 229/73 did not determine compensatory amounts for certain categories of cereals, but coefficients for the compensatory amount applicable to the reference cereal ; whereas under Article 2 (2) of the above Regulation these coefficients are to be progressively aligned,

HAS ADOPTED THIS REGULATION :

Article 1
