REGULATION (EEC) No 1603/75 OF THE COUNCIL

of 24 June 1975

fixing the main intervention centres for oil seeds for the 1975/76 marketing year and the derived intervention prices applicable at these centres

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 136/66/EEC (1) of 22 September 1966 on the establishment of a common organization of the market in oils and fats, as last amended by Regulation (EEC) No 1707/73 (2), and in particular Article 22 (2), first subparagraph, thereof ;

Having regard to the proposal from the Commission ;

Having regard to the Opinion of the European Parliament ;

Having regard to the Opinion of the Economic and Social Committee ;

Whereas, in accordance with Article 22 (2) of Regulation No 136/66/EEC, the main intervention centres for colza, rape and sunflower seeds, and the derived intervention prices applicable thereto must be fixed for the 1975/76 marketing year ;

Whereas the places with the largest markets situated in the main production areas should be taken as the main intervention centres ; whereas, to ensure an appropriate price level for Community seeds in deficit areas, the most representative places for the processing of seeds should also be used, as well as places situated outside production areas which are representative as regards internal trade and the export of seeds ;

Whereas, in accordance with Article 24 of Regulation No 136/66/EEC, derived intervention prices must be fixed at a level permitting seed to move freely within the Community, under natural conditions of price formation and in accordance with the needs of the market ; whereas, to that end, intervention prices should be fixed so that the differences between them correspond to the price differences to be expected in the case of a normal harvest ;

Whereas the derived intervention prices for the 1974/75 marketing year were fixed in Denmark and the United Kingdom at a level lower than the common level ; whereas these prices should move towards alignment with the common prices, in accordance with Article 52 of the Act of Accession ;

Whereas the experience gained during the course of the 1974/75 marketing year has shown that the number of intervention centres for colza and rape seeds adopted in the course of that marketing year should be maintained for the 1975/76 marketing year,

HAS ADOPTED THIS REGULATION :

Article 1

For the 1975/76 marketing year, the main intervention centres for colza, rape and sunflower seeds and the derived intervention prices applicable in these centres shall be those shown in the Annex.

Article 2

This Regulation shall enter into force on 1 July 1975 for colza and rape seeds, and on 1 September 1975 for sunflower seeds.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Luxembourg, 24 June 1975.

For the Council
