REGULATION (EEC) No 1849/75 OF THE COMMISSION

of 18 July 1975

allocating quantitative quotas in respect of imports into the Community of certain textile products originating in Taiwan

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to Council Regulation (EEC) No 1023/70 (1) of 25 May 1970 establishing a common procedure for administering quantitative quotas, and in particular Article 2 thereof;

Having regard to Council Regulation (EEC) No 1783/75 (2) of 10 July 1975 on rules for imports of certain textile products originating in Taiwan, and in particular Article 1 thereof;

Whereas Article 1 of the abovementioned Council Regulation (EEC) No 1783/75 establishes Community quantitative quotas and provides that such quotas must be administered by allocation among the Member States in accordance with the criteria indicated;

Whereas, however, the conditions at present governing the imports concerned into the Member States could not be fully standardized as from the time the quotas were opened by reason of the wide disparities between those conditions and of the particularly sensitive nature of the Community textile industry and whereas for this reason the criteria of allocation were so determined that the allocation would be only progressively adjusted to the supply requirements of the markets;

Whereas the allocation must permit carry-over and advance drawing of quota shares as between one year and another;

Whereas, in accordance with the abovementioned Council Regulation (EEC) No 1783/75, products brought into the customs territory of the Community under inward processing arrangements or under temporary admission arrangements and re-exported in the same state or after processing are not to be charged against the quota shares concerned;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Quota Administration Committee,

HAS ADOPTED THIS REGULATION:

Article 1

1. The quantitative quotas in respect of imports into the Community established for 1975, 1976 and 1977 by Regulation (EEC) No 1783/75 of 10 July 1975 shall be allocated among the Member States as shown in the Annex hereto;

2. The quota shares fixed for 1975 shall be reduced by the volume of imports recorded in that year prior to the opening of the quotas concerned.

The Member States shall inform the Commission of the volumes thus subtracted.

Article 2

The Member States may authorize imports in excess of the quota shares as established by Article 1, either by carrying over quantities not utilized from the quota shares of the preceding year or by advance drawing on the quota shares for the following year, provided that the quota share in respect of any one year may not be thus increased by more than 10 %.

The Member States shall inform the Commission of the quantities so carried over or drawn in advance.

Article 3

Products covered by the Community quantitative quotas referred to in Article 1 which are brought into the customs territory of the Community under inward processing arrangements or under temporary admission arrangements and re-exported from that territory in the unaltered state or after processing shall not be charged against the quota shares as established in Article 1.

Article 4

This Regulation shall enter into force on the day following its publication in the *Official Journal of the European Communities.*

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 18 July 1975.

For the Commission
The President
François-Xavier ORTOLI
