REGULATION (EEC) No 1867/75 OF THE COMMISSION

of 18 July 1975

amending for the fifth time Regulation (EEC) No 320/73 on the determination of prices of calves and adult bovine animals on representative Community markets

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 805/68 (1) of 27 June 1968 on the common organization of the market in beef and veal, as last amended by Regulation (EEC) No 1855/74 (2), and in particular Article 10 (6) thereof;

Whereas Commission Regulation (EEC) No 320/73 (3) of 31 January 1973 on the determination of prices of calves and adult bovine animals on representative Community markets, as last amended by Regulation (EEC) No 2515/74 (4), laid down the list of representative markets of each Member State for the various qualities of calves and adult bovine animals and for the meat of those animals, the coefficients used to calculate the price on representative Community markets for calves and adult bovine animals and the various weighting coefficients expressing the percentage of meats of each category of adult bovine animals or calves slaughtered;

Whereas, having regard to the most recent statistical data on the livestock count and the breakdown of slaughterings in each Member State, the weighting coefficients used to calculate the Community market price for adult bovine animals and calves should be amended, together with the coefficients used to calculate the average market price for each Member State;

Whereas, in view of the closing down of the market at Paris La Villette, and in order to take into account the trend in the beef and veal sector towards marketing at the places of production, particularly at Parthenay, a quotation centre situated in a region with a very high production of beef and veal, the market of Parthenay should be included in the list of representative markets in France, thus enabling prices for adult bovine animals in that country to be established more accurately;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

Annexes I and II to Regulation (EEC) No 320/73 are replaced by Annexes I and II to this Regulation.

Article 2

This Regulation shall enter into force on 1 August 1975.

It shall be applied for the first time for the calculation of the levies valid with effect from 11 August 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 18 July 1975.

For the Commission

P. J. LARDINOIS

Member of the Commission
