REGULATION (EEC) No 2307/75 OF THE COMMISSION

of 9 September 1975

re-establishing the levying of customs duties on embroidery, in the piece, in strips or in motifs, falling within heading No 58.10, originating in South Korea, to which the preferential tariff arrangements set out in Council Regulation (EEC) No 3046/74 of 2 December 1974 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation (EEC) No 3046/74 [1] of 2 December 1974 establishing preferential tariffs in respect of certain cotton textile and like products originating in developing countries, and in particular Article 4 (2) thereof ;

Whereas Article 1 (3) and (4) of that Regulation provides that customs duties may, for each category of product, be suspended up to a Community ceiling equal to 157·5 % of the sum arrived at by adding together the value of the products in question, in metric tons, imported into the Community in 1968 and coming from countries listed in Annex B to that Regulation, but not including products coming from countries already covered by various preferential tariff arrangements established by the Community, and 5 % of the 1970 metric tonnage of such imports coming from other countries and from countries already covered by such arrangements ; whereas, having regard to that ceiling, the amounts for products originating in any one of the countries listed in Annex B to that Regulation should be within a maximum Community amount representing 50 % of that ceiling, with the exception of certain products for which the maximum amount is to be reduced to the percentage indicated in Annex A to that Regulation ;

Whereas Article 2 (2) of that Regulation provides that the levying of customs duties may be re-established at any time in respect of imports of the products in question originating in any of the said countries once the relevant Community maximum amount has been reached ;

Whereas, in respect of embroidery, in the piece, in strip or in motifs the ceiling, calculated as indicated above, should be 120 metric tons, and therefore the maximum amount 60 metric tons ; whereas on 4 September 1975 the amounts of imports into the Community of embroidery, in the piece, in strips or in motifs, originating in South Korea, a country covered by preferential tariff arrangements, reached that maximum amount ; whereas, bearing in mind the objectives of Regulation (EEC) No 3046/74 which provides that maximum amounts should not be exceeded, customs duties should be re-established in respect of the products in question in relation to South Korea,
