REGULATION (EEC) No 2582/75 OF THE COMMISSION

of 10 October 1975

fixing the amounts to be levied by way of accession compensatory amounts to prevent deflections of trade in the beef and veal sector

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty of Accession (1);

Having regard to Council Regulation No 181/73 (2) of 23 January 1973, laying down general rules for a system of compensatory amounts for beef and veal, and in particular Article 14 (1);

Whereas the accession compensatory amounts for beef and veal are calculated in accordance with Regulation (EEC) No 181/73 and take into account the amount of customs duty which remains applicable; whereas Article 5 (1) (a) thereof provides that in the case of compensatory amounts to be levied on imports from Ireland and the United Kingdom into other Member States such amount shall be calculated on the basis of the guide price in the exporting Member States;

Whereas the disturbing glut which has existed for some time past in the beef and veal market has led to a situation in which the intervention system established by Council Regulation (EEC) No 805/68 (3) of 27 June 1968 on the common organization of the market in beef and veal, as last amended by Regulation (EEC) No 1855/74 (4), has not always been able to ensure the desired guarantee of the level of market prices; whereas, in consequence, the market prices are appreciably lower than the guide prices, in particular in Ireland and the United Kingdom; whereas the amount of customs duty to be deducted from the basic compensatory amount is thus higher than the amount of customs duty payable, calculated on the value of the product;

Whereas this situation tends to favour exports of meat from the abovementioned new Member States to other Member States; whereas, however, it is difficult to amend the system of calculation of the compensatory amounts in the course of the marketing year as this would lead to a rise in total charges and so would go against the objective of approximation laid down in the Accession Treaty;

Whereas this situation has also given rise to certain artificial trade flows as a result of operations conducted solely to take advantage of the situation; whereas, pending a final solution to be applied at the beginning of the next stage of the approximation of prices and customs duties, the necessary measures should be provided to end these practices by fixing, solely for exports of products from cattle slaughtered other than in the United Kingdom and Ireland, amounts to be levied by way of compensatory amounts wherein the amount of customs duties is calculated on the basis of the weighted average of the prices recorded on the representative markets in Ireland and the United Kingdom in accordance with Commission Regulation (EEC) No 320/73 (5) of 31 January 1973 on the determination of prices of calves and adult bovine animals on representative Community markets, as last amended by Regulation (EEC) No 1867/75 (6);

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1
