REGULATION (EEC) No 2735/75 OF THE COUNCIL

of 29 October 1975

determining, for the 1975/76 marketing year, the single intervention prices for barley, rye, durum wheat and maize, and the principal marketing centres for common wheat and the derived intervention prices applicable at those centres

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to the Treaty [1] concerning the accession of new Member States to the European Economic Community and the European Atomic Energy Community, and in particular the first subparagraph of Article 52 (3) of the Act annexed thereto;

Having regard to Council Regulation (EEC) No 2727/75 [2] of 29 October 1975 on the common organization of the market in cereals, and in particular Article 4 (4) thereof;

Having regard to the proposal from the Commission;

Whereas, pursuant to Article 4 (2) of Regulation (EEC) No 2727/75, a single intervention price shall be fixed respectively for barley, rye, durum wheat and maize; whereas these prices will apply to all marketing centres subsequently determined for each of these cereals;

Whereas, pursuant to Council Regulation (EEC) No 2733/75 [3] of 29 October 1975 laying down rules for deriving intervention prices for common wheat and for determining certain marketing centres for cereals, derived intervention prices for marketing centres of appreciable importance on the regional level must be fixed in line with the basic intervention price, taking into account natural price formation on the market and transport costs;

Whereas the prices of cereals in the new Member States for the 1975/76 marketing year which were fixed in line with and at the same time as the common prices must, in accordance with Article 52 (2) (a) of the Act of Accession, be aligned with the common prices;

Whereas experience in the last marketing year has shown that there is no need to change the procedure for deriving intervention prices; whereas, consequently, it is not necessary to alter the principal marketing centres determined for common wheat for the 1974/75 marketing year in Annexes A and B to Regulation (EEC) No 1128/74 [4], but the intervention prices for these centres should nonetheless be altered in the light of the price increases adopted, taking into account those increases applied in accordance with Commission Regulation (EEC) No 2518/74 [5] on the measures to be taken following the all-round increase with effect from 7 October 1974 of agricultural prices,

HAS ADOPTED THIS REGULATION:
