REGULATION (EEC) No 3044/75 OF THE COMMISSION
of 21 November 1975
adjusting the amount of the subsidy for colza and rape seed

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 136/66/EEC (1) of 22 September 1966 on the establishment of a common organization of the market in oils and fats, as last amended by Regulation (EEC) No 1707/73 (2), and in particular Article 27 (4) thereof;

Having regard to Council Regulation (EEC) No 1569/72 (3) of 20 July 1972 laying down special measures for colza and rape seed, as last amended by Regulation (EEC) No 3477/73 (4), and in particular Article 7 thereof;

Whereas, as a result of the change in the standard quality for colza and rape seed for the 1975/76 marketing year, the coefficients of equivalence to be used for the determination of the world market price have to be adjusted; whereas, following this change, Regulation (EEC) No 2647/75 (5) adjusted the amount of the subsidy for colza and rape seed for which the subsidy was fixed in advance before 20 October 1975 and which was put under control at the oilmill on or after 1 July 1975, and for seed for which the subsidy was not fixed in advance and which was put under control at the oilmill during the period 1 July to 19 October 1975;

Whereas it appears that some subsidies were fixed at zero during the periods under consideration; whereas the amounts of the said subsidies should be recalculated on the basis of the world market prices resulting from the application of the new coefficients of equivalence;

Whereas the new world market prices should be taken into account in the event that they are used for the calculation of the differential amounts;

Whereas Regulation (EEC) No 2647/75 adjusting the amount of the subsidy for colza and rape seed should be repealed;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION:
