REGULATION (EEC) No 3263/75 OF THE COMMISSION

of 15 December 1975

fixing the components used to calculate the differential amounts for colza and rape seed

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 136/66/EEC (1) of 22 September 1966 on the establishment of a common organization of the market in oils and fats, as last amended by Regulation (EEC) No 1707/73 (2);

Having regard to Council Regulation (EEC) No 475/75 (3) of 27 February 1975 on the exchange rates to be applied in agriculture, as last amended by Regulation (EEC) No 2638/75 (4);

Having regard to Council Regulation (EEC) No 1569/72 (5) of 20 July 1972 laying down special measures for colza and rape seed, as last amended by Regulation (EEC) No 3477/73 (6), and in particular Article 2 (2) thereof;

Whereas with effect from 3 March 1975 new representative rates are applicable for the German mark, the Dutch guilder, the Belgian franc, the Luxembourg franc, the French franc, the Italian lira and the Irish pound and pound sterling;

Whereas, because of the technical operation of the system of differential amounts in its present form, the change in price at the beginning of the marketing year could have led to unjustified advantages or disadvantages for those concerned; whereas in respect of subsidies fixed in advance on or after 1 May 1975, this was avoided by fixing for a transitional period, by Regulation (EEC) No 1141/75 (7), components which vary according to the date on which the subsidy or export refund is fixed in advance and to the date on which the colza seed is placed under control or exported;

Whereas it has been found that the same problem arises in the case of subsidies fixed in advance after 2 March 1975; whereas, therefore, provision should be made for similar measures to be applied on request as regards subsidy certificates in respect of which advance fixing took place between 3 March and 30 April 1975;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION:

Article 1

For the purpose of calculating the corrective amounts to be applied in respect of the period 3 March to 30 April 1975 to the target price and to the subsidy, the coefficients shown in the Annex hereto shall be applied, at the request of the party concerned, in place of those shown in the Regulations fixing or amending the components to be used to calculate the differential amounts for colza and rape seed applicable for the period in question, on condition that the seeds shall have been placed under control at the oilmills after 30 June 1975.

Article 2

This Regulation shall enter into force the third day following that of its publication in the *Official Journal of the European Communities.*

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 15 December 1975.
