REGULATION (EEC) No 523/75 OF THE COMMISSION

of 28 February 1975

laying down special rules for the application of accession compensatory amounts with a view to preventing deflection of trade in beef and veal

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty [1] concerning the accession of new Member States to the European Economic Community and to the European Atomic Energy Community, signed in Brussels on 22 January 1972;

Having regard to Council Regulation (EEC) No 181/73 [2] of 23 January 1973 laying down general rules for a system of compensatory amounts for beef and veal, and in particular the first paragraph of Article 14 thereof;

Whereas pursuant to Regulation (EEC) No 181/73 the accession compensatory amounts for beef and veal are calculated in accordance with the rules for calculating the levies; whereas calculations effected on that basis produce amounts for carcases and quarters of adult bovine animals which are much lower than those for cuts of such meat, particularly boned cuts;

Whereas the desire to take advantage of that difference, since the latter products can be readily obtained from the former, has created artificial trade flows, thereby deflecting trade to the financial detriment of the Community;

Whereas in view of the above the requisite measures should be taken to put an end to such practices, for which purpose the compensatory amounts for cuts and for meat salted or in brine should be aligned as necessary on those for carcases and half-carcases of adult bovine animals;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

The accession compensatory amounts for products falling within subheading 02.01 A II a) 1 cc), 02.01 A II a) 2 dd) 11 or (dd) 22 ccc) or 02.06 C I a) of the Common Customs Tariff shall be fixed at levels below those obtained by application of the rules laid down for the calculation of the levy and shall to the extent necessary to prevent deflection of trade and artificial trade flows be aligned on the amounts for carcases and half-carcases of adult bovine animals.

Article 2

This Regulation shall enter into force on 3 March 1975.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 28 February 1975.
