COUNCIL REGULATION (EEC) No 1035/76

of 30 April 1976

relating to the organization of a survey on the earnings of permanent workers employed in agriculture

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 213 thereof,

Having regard to the draft Regulation submitted by the Commission,

Whereas, in order to carry out the tasks assigned to it under the Treaty, and in particular those set out in Articles 2, 39, 117, 118, 119 and 122 thereof, the Commission needs to know the earnings situation and trends in the Member States;

Whereas such statistical data as do exist within the Member States on the earnings of agricultural workers do not at present permit valid comparisons to be made, and hence it is necessary to conduct a specific Community survey based on uniform definitions and characteristics as was done in 1974 and 1975, pursuant to Regulations (EEC) No 677/74 [1] and (EEC) No 1103/75 [2];

Whereas the technical difficulties involved in a survey on earnings in agriculture make it necessary to restrict the survey at present to the earnings of permanent workers in agriculture;

Whereas it is possible and more economical to carry out such a survey by random sampling only,

HAS ADOPTED THIS REGULATION:

Article 1

The Commission shall undertake a survey of the actual earnings of permanent workers employed in agriculture on the basis of the statistical data relating to September, October or November 1976.

Article 2

The survey shall cover all holdings which employ permanent workers and and which engage in activities as specified and defined under class 01 of the General Nomenclature of Economic Activities in the European Communities (NACE), with the exception of holdings whose activities are mainly or exclusively directed to creating and maintaining gardens and parks, to hunting or to activities ancillary to agriculture.

Article 3

The survey shall be carried out by means of random sampling.

In respect of those hòldings appearing in the survey sample, employers shall supply the information required for the survey in the manner set out hereafter.

Article 4

The survey shall consist in the collection for each permanent worker of all data relating to gross cash earnings for September, October, or November 1976, the existence or absence of benefit in kind, the nature of work performed, the basis on which earnings are calculated and the number of hours paid, as well as sex, age and job categories.

Article 5

Information shall be gathered by the statistical offices of the Member States.

The Commission, with the collaboration of these offices, shall determine the technical details of the survey and the arrangements for transmitting the results to the Commission.

Article 6

Individual items of information supplied for purposes of the survey may be used for statistical purposes only. It shall be prohibited to use the information for taxation purposes, or to communicate it to third parties.

Member States shall take appropriate measures to avoid any infringement of:

(a) the obligation to supply the information referred to in Article 3,

(b) the obligation, under the first paragraph of this Article, to maintain secrecy as regards the information obtained.

Article 7

To cover the expenditure incurred in conducting the survey, the Member States shall receive a global sum proportionate to the number of holdings covered. This sum shall be charged against the European Communities' budget appropriations allocated for this purpose.

[2] OJ No L 110, 30. 4. 1975, p. 2.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Luxembourg, 30 April 1976.

For the Council

The President

B. BERG
