COMMISSION REGULATION (EEC) No 1250/76

of 26 May 1976

laying down conditions for invitations to tender for colza and rape seed held by the German intervention agency and by the Danish intervention agency

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats [1], as last amended by Regulation (EEC) No 1707/73 [2], and in particular Article 26 (3) thereof,

Whereas during the 1975/76 marketing year the German and the Danish intervention agencies each bought in certain quantities of colza and rape seed pursuant to Article 26 of Regulation No 136/66/EEC;

Whereas Commission Regulation (EEC) No 189/68 of 16 February 1968 on certain detailed rules for the disposal of oil seeds bought in by intervention agencies [3], as amended by Regulation (EEC) No 1594/72 [4], laid down the conditions for sale by tender on the Community market of seeds held by intervention agencies; whereas in view of the present situation of the market for seeds in the Community it cannot be expected that the quantities held by the German and the Danish intervention agencies can be sold in accordance with the price conditions laid down in Article 5 of Regulation (EEC) No 189/68; whereas, therefore, special measures must be taken to dispose of these oil seeds;

Whereas colza and rape seed can at present be marketed in the Community at a price which is closer to the actual market situation than the price fixed in accordance with the said Article 5;

Whereas in order to ensure favourable selling conditions the seeds should be put up for sale in lots;

Whereas a security should be provided to ensure the observance of the obligations involved in the submission of a tender; whereas, moreover, that security should be such as to prevent the seeds for which a tender was accepted from being offered for intervention a second time; whereas the security should therefore be forfeited, unless the successful tenderer provides proof that the seeds have been placed under control at an oil mill pursuant to Article 2 of Council Regulation (EEC) No 2114/71 of 28 September 1971 on the subsidy for oil seeds [5], as amended by Regulation (EEC) No 2730/71 [6], or have been exported;

Whereas the minimum selling price that most nearly corresponds to the actual market situation may be fixed on the basis of tenders received;

Whereas the contract must be awarded to the person offering the highest price; whereas, moreover, there should be rules concerning the award of the contract in the event of several tenders being made at the same price;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION:

Article 1

1. There shall be put up for sale by tender on the Community market, one lot of a total quantity of about 1 280 metric tons of colza and rape seed held by the German intervention agency, and six lots of a total quantity of about 3 550 metric tons of colza and rape seed held by the Danish intervention agency, all of which were bought in during the 1975/76 marketing year.
