COUNCIL REGULATION (EEC) No 1298/76

of 1 June 1976

laying down general rules for the supply of skimmed-milk powder as food aid to certain developing countries and international organizations under the 1976 programme

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products [1], as last amended by Regulation (EEC) No 559/76 [2], and in particular Article 7 (4) thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament [3],

Whereas certain developing countries and international organizations have indicated their requirements in high-protein milk products; whereas these high-protein products may be supplied in the form of skimmed-milk powder produced within the Community and meeting certain quality standards;

Whereas the supply of skimmed-milk powder must take into account the amounts of skimmed-milk powder available in the Community and the necessity of not disrupting market conditions;

Whereas the amounts available at present enable 55 000 metric tons of skimmed-milk powder to be supplied under the 1976 programme;

Whereas, if the quantities of skimmed-milk powder in public stocks are insufficient for the delivery of the abovementioned amount, or if they do not have the characteristics necessary for their particular destination where this requires in particular other forms of packing or the addition of vitamins or other additives, supplies must be ensured by the buying-in of skimmed-milk powder on the Community market;

Whereas, in order to enable the aid to be used effectively, arrangements should be made to finance certain transport and distribution costs;

Whereas the supplies must be delivered at the cheapest possible price; whereas in order to achieve that aim, a tendering procedure must be provided for; whereas, however, it may be desirable in the interests of speed, in exceptional cases, to have recourse to private contracts;

Whereas it is desirable that the rules for the application of the measures laid down for buying-in skimmed-milk powder on the market should be adopted in accordance with the procedure laid down in Article 30 of Regulation (EEC) No 804/68, as in the case of the rules to be applied where public stocks are used,
