COUNCIL REGULATION (EEC) No 1620/76

of 22 June 1976

amending Regulation (EEC) No 2757/75 as regards the accession compensatory amounts and coefficients to be applied thereto for cereals

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession, and in particular Article 62 (1) thereof,

Having regard to the proposal from the Commission,

Whereas the compensatory amounts applicable until 31 July 1976 for common wheat and barley were laid down in Article 1 of Council Regulation (EEC) No 2757/75 of 29 October 1975 laying down general rules for the system of accession compensatory amounts for cereals [1]; whereas, in accordance with Article 55 (2) of the Act of Accession, these amounts correspond to the difference between the prices fixed for the new Member State concerned and the common prices;

Whereas Article 52 of the Act of Accession provides that the prices fixed for the new Member States shall be aligned with the level of the common prices in six stages; whereas, for the 1976/77 marketing year this alignment results in the prices for common wheat and barley which are the subject of Council Regulation (EEC) No 1151/76 [2]; whereas, in accordance with Article 55 (2) of the Act of Accession the difference between these prices and the common prices constitutes the accession compensatory amount that is valid for the new marketing year;

Whereas Council Regulation (EEC) No 2757/75 fixed coefficients to be applied to the compensatory amount for the reference cereal; whereas, in accordance with Article 2 (2) of the said Regulation, these coefficients are to be progressively aligned,
