COMMISSION REGULATION (EEC) No 1693/76
of 13 July 1976
introducing a countervailing charge on peaches originating in Greece

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables (1), as last amended by Regulation (EEC) No 795/76 (2), and in particular the first subparagraph of Article 27 (2) thereof,

Whereas Article 25 (1) of Regulation (EEC) No 1035/72 provides that, if the entry price of a product imported from a third country remains at least 0·50 unit of account below the reference price for two consecutive market days, a countervailing charge must be introduced in respect of the exporting country concerned, save in exceptional circumstances; whereas this charge is equal to the difference between the reference price and the arithmetic mean of the last two entry prices available for that exporting country;

Whereas Commission Regulation (EEC) No 1226/76 of 25 May 1976 fixing for the 1976 marketing year the reference prices for peaches (3), fixed the reference price for Class I at 34·45 units of account per 100 kg net for July 1976;

Whereas the entry price for a given exporting country is equal to the lowest representative prices recorded for at least 30 % of the quantities from the exporting country concerned which are marketed on all representative markets for which prices are available, less the duties, and the charges indicated in Article 24 (3) of Regulation (EEC) No 1035/72; whereas the meaning of representative price is defined in Article 24 (2) of Regulation (EEC) No 1035/72;

Whereas it is necessary to record the prices to be taken into consideration on the representative markets referred to in Regulation (EEC) No 2118/74 (4), amended by Regulation (EEC) No 385/75 (5);

Whereas for peaches from Greece the entry price calculated in this way has remained at least 0·50 unit of account below the reference price for two consecutive market days; whereas a countervailing charge should therefore be introduced for peaches imported from Greece;

Whereas if the system is to operate normally the entry price should be calculated on the following basis:

— in the case of currencies which are maintained in relation to each other, at any given moment within a band of 2·25 % a rate of exchange based on their effective parity;

— for other currencies an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period, in relation to the Community currencies referred to in the previous subparagraph,

Whereas the measures provided for in this Reglation are in accordance with the opinion of the Management Committee for Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:

Article 1

A countervailing charge of 3·56 units of account per 100 kg net is applied to peaches (subheading 08.07 B of the Common Customs Tariff) originating in Greece.

Article 2

This Regulation shall enter into force on 15 July 1976.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 13 July 1976.
