COMMISSION REGULATION (EEC) No 2540/76

of 19 October 1976

altering components used to calculate the differential amounts for colza and rape seed

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats [1], as last amended by Regulation (EEC) No 1707/73 [2],

Having regard to Council Regulation (EEC) No 1569/72 of 20 July 1972 laying down special measures for colza and rape seed [3], as last amended by Regulation (EEC) No 3477/73 [4], and in particular Article 7,

Whereas Commission Regulation (EEC) No 2300/73 of 23 August 1973 [5], as last amended by Regulation (EEC) No 632/75 [6], laid down detailed rules of application for Regulation (EEC) No 1569/72; whereas the components used to calculate the differential amounts were fixed by Regulation (EEC) No 1580/76 [7], as last amended by Regulation (EEC) No 2517/76 [8]; whereas in the case of the pound sterling, the Irish pound, the French franc and the Italian lira the difference referred to in Article 2 (1) of Regulation (EEC) No 1569/72 for the period 6 to 12 October 1976 has changed, by reference to the representative rate valid from 18 October 1976, by at least one point from the percentage used for the previous fixing; whereas this fact should be taken into account when fixing the components used to calculate the differential amounts for colza and rape seed;

Whereas, with effect from 18 October 1976, the central rate for the German mark has been revalued by 2 %; whereas, when calculated on the basis of the new central rate, the difference to be used in calculating the components used to calculate the differential amounts has changed by more than 1 point from the percentage used hitherto; whereas it is therefore necessary to alter the components used to calculate the differential amounts applicable in that Member State;

Whereas on the same date the Danish Government devalued the central rate of the Danish kroner by 4 %; whereas, consequently, the conditions for applying components used to calculate the differential amounts are also met in respect of that currency; whereas those components must be introduced in respect of Denmark;

Whereas the Management Committee for Oils and Fats has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

The Annex to amended Regulation (EEC) No 1580/76 is hereby replaced by the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 20 October 1976.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 19 October 1976.
