COMMISSION REGULATION (EEC) No 654/76

of 24 March 1976

fixing the components used to calculate the differential amounts for colza and rape seed

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats [1], as last amended by Regulation (EEC) No 1707/73 [2],

Having regard to Council Regulation (EEC) No 557/76 of 15 March 1976 on the exchange rates to be applied in agriculture and repealing Regulation (EEC) No 475/75 [3],

Having regard to Council Regulation (EEC) No 1569/72 of 20 July 1972 laying down special measures for colza and rape seed [4], as last amended by Regulation (EEC) No 3477/73 [5], and in particular Article 2 (2) thereof,

Whereas Article 2 (1) (a) of Regulation (EEC) No 1569/72 provides that the differential amounts for those Member States which keep their exchange rates at any given moment within a band of 2·25 % must be determined by taking into account the incidence on prices of the percentage difference between:

— the conversion rate used for the purposes of the common agricultural policy, and

— the conversion rate resulting from the central rate;

Whereas this leads to the fixing of differential amounts which remain constant as long as the items used to calculate them remain unchanged;

Whereas, applying the method of calculating differential amounts to Denmark, no such amounts should be fixed for seeds harvested in that State and processed in or exported from that State;

Whereas under Article 2 (1) (b) of the aforementioned Regulation the differential amounts for France, Italy, Ireland and the United Kingdom are to be determined by taking into account the incidence on the price of the average percentage difference between:

— the ratio between the conversion rate used for purposes of the common agricultural policy for the currency of the relevant Member State and the actual parity of each of the currencies of the Member States which keep their exchange rates at any given moment within a band of 2·25 %, and

— the spot market rate recorded over a given period for the currency of the relevant Member State against each of the currencies of the Member States specified above;

Whereas Regulation (EEC) No 2300/73 [6], as last amended by Regulation (EEC) No 632/75 [7], lays down detailed rules for the application of Regulation (EEC) No 1569/72;

Whereas with effect from 1 July 1976, new representative rates are applicable for the German mark, the Dutch guilder, the Belgian franc, the Luxembourg franc, the Italian lira and the Irish pound; whereas it is necessary to take this fact into account in fixing the components used to calculate the differential amounts for colza and rape seed; whereas, because of the technical operation of the system of differential amounts in its present form, the change in price at the beginning of the coming marketing year may lead to unjustified advantages or disadvantages for those concerned; whereas it is possible to avoid this by fixing for a transitional period components which vary according to the date on which the subsidy or export refund is fixed in advance and to the date on which the colza seed is placed under control or exported;

Whereas, applying the rules and criteria set out above, the components used to calculate the differential amounts should be fixed in accordance with the table annexed to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION:

Article 1

For seeds exported or placed under control from 1 July 1976, the factors used for calculating the differential amounts shall, until the end of the 1976/77 marketing year, be determined in accordance with the rules now applied for fixing the said amounts, but using the representative rates valid from 1 July 1976.

Article 2

The components used to calculate the differential amounts provided for in Article 1 of Regulation (EEC) No 1569/72 shall be as specified in the Annex hereto.

Article 3

This Regulation shall enter into force on 25 March 1976.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
