COMMISSION REGULATION (EEC) No 700/76

of 29 March 1976

authorizing the Kingdom of Denmark to suspend the component for protection of the processing industry for certain cereal-based compound animal feeding-stuffs

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession, and in particular Articles 59 (4) and 61 (3) thereof,

Whereas under Article 61 (3) of the Act the components for protection of the processing industry (hereinafter called 'fixed components') are to be progressively abolished in trade between the Community as originally constituted and the new Member States and between the new Member States themselves by reductions to be made at the beginning of the marketing year fixed for the basic products concerned at the rate laid down in Article 59 (1) of the Act; whereas, however, Article 59 (4) applied by Article 61 (3) to the fixed component, allows the new Member States to suspend in whole or in part such fixed component;

Whereas the Kingdom of Denmark has requested authorization from the Commission to suspend the fixed component for products falling within subheading 23.07 B I c) 1 of the Common Customs Tariff on the basis that such a fixed element has the effect of increasing the price of these products in Denmark; whereas this request should be granted;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The Kingdom of Denmark is hereby authorized to suspend the fixed component applicable to imports from the other Member States of the products falling within subheading 23.07 B I c) 1 of the Common Customs Tariff.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities.*

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 29 March 1976.

For the Commission

P. J. LARDINOIS

Member of the Commission
