COMMISSION REGULATION (EEC) No 775/76

of 2 April 1976

adapting the volume and allocation of certain quantitative import quotas for certain textile products originating in Taiwan

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to Council Regulation (EEC) No 1023/70 of 25 May 1970 establishing a common procedure for administering quantitative quotas [1], and in particular Article 2 thereof,

Having regard to Council Regulation (EEC) No 1783/75 of 10 July 1975 on rules for imports of certain textile products originating in Taiwan [2], and in particular Articles 1 and 3 thereof,

Whereas it is necessary to correct the description of certain goods contained in the Annex to Commission Regulation (EEC) No 1849/75 of 18 July 1975 allocating quantitative quotas in respect of imports into the Community of certain textile products originating in Taiwan [3], and also certain of the amounts indicated in the said Annex;

Whereas the quantitative quotas fixed by Articles 1 and 2 of Regulation (EEC) No 1783/75 were opened only during the year; whereas their volume was consequently reduced, as provided for in that Regulation, by the volume of the imports effected prior to the opening of the quotas concerned;

Whereas after being thus reduced certain of these quotas and of the quota shares fixed for the Member States by Regulation (EEC) No 1849/75 proved to be inadequate in view of the volume of the contracts concluded before the Community system came into force;

Whereas under these circumstances, in accordance with the opinion delivered by the Quota Administration Committee, imports should be abolished in excess of the limits established for the year 1975 by the said Regulations (EEC) No 1783/75 and (EEC) No 1849/75;

Whereas because of the substantial volume of supplementary imports effected in 1975 and of the diversity of the procedures and practices applied by the Member States before the said quotas were opened, Member States should be authorized to charge the quantities imported in excess of the quotas and quota shares for 1975 against those for 1976, when such excess quantities have exceded the limit of 10 % fixed by Article 3 (1) of Regulation (EEC) No 1783/75 and Article 2 of Regulation (EEC) No 1849/75;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Quota Administration Committee,

HAS ADOPTED THIS REGULATION:

Article 1

The Annex to the abovementioned Commission Regulation (EEC) No 1849/75 is hereby replaced, as regards the quota shares for 1976 and 1977, by the Annex to this Regulation.

Article 2

1. Where imports of products covered by Council Regulation (EEC) No 1783/75 effected during 1975 exceeded the volumes indicated for that year in Annex II to that Regulation or the quota shares indicated for the same year in the Annex to Commission Regulation (EEC) No 1849/75, the excess quantities shall be charged, within the limit of 10 % provided for in the said Regulations, against the corresponding quotas or quota shares for 1976.

2. Member States shall be authorized to charge the total volume of the excess quantities referred to in paragraph 1 against the corresponding quotas or quota shares for 1976.

Article 3

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities.*
