COMMISSION REGULATION (EEC) No 1027/77

of 16 May 1977

re-establishing the levying of customs duties on glass inners for vacuum flasks or for other vacuum vessels, falling within heading No 70.12, originating in developing countries to which the preferential tariff arrangements set out in Council Regulation (EEC) No 3021/76 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3021/76 of 13 December 1976 establishing preferential tariffs in respect of certain products originating in developing countries [1], and in particular Article 4 (2) thereof,

Whereas Article 1 (3) of that Regulation provides that the customs duties may, for each category of products, be suspended up to a Community ceiling, expressed in units of account, which will be equal — with the exception of certain products the value of the ceilings for which is given in Annex A to the Regulation in question — to the sum arrived at by adding together the value of the products in question imported cif into the Community in 1974 and coming from countries and territories covered by those arrangements, but not including products coming from countries and territories already covered by various preferential tariff arrangements established by the Community, and 5 % of the value of 1974 cif imports coming from other countries and from countries and territories already covered by such arrangements; however the ceiling resulting from the sum of this addition may in no case exceed 172·5 % of that resulting from the substitution of the year 1971 for the year 1974 in the first term of the addition and of the year 1972 for the year 1974 in the second term of the addition;

Whereas Article 2 (1) of that Regulation provides that the customs duties may be re-established at any time once the Community ceiling has been reached;

Whereas, in respect of glass inners for vacuum flasks or for other vacuum vessels, the ceiling, calculated as indicated above, should be 289 000 units of account; whereas on 12 May 1977 the amounts of imports into the Community of the products in question, originating in countries and territories covered by preferential tariff arrangements, reached that ceiling; whereas, bearing in mind the objectives of Regulation (EEC) No 3021/76 which provides that the ceiling should not be exceeded, customs duties should be re-established in respect of the products in question,

HAS ADOPTED THIS REGULATION:
