COUNCIL REGULATION (EEC) No 114/77

of 18 January 1977

concerning import arrangements for certain textile products originating in Singapore

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas, in the context of the Arrangement regarding international trade in textiles, the European Economic Community and the Republic of Singapore have negotiated an Agreement on trade in textiles ; whereas the Commission has submitted to the Council a recommendation for a Regulation concluding that Agreement, hereinafter referred to as the 'Agreement' ;

Whereas, for the purpose of implementing the Agreement, import arrangements must be adopted for the products in question ;

Whereas the Agreement requires the Community to admit imports of certain textile products within the quantitative limits laid down, compliance with which will be guaranteed by a system of bilateral checking ;

Whereas appropriate provisions applicable in the Community should therefore be adopted for 1976 and 1977, including criteria for the allocation of the quantitative limits agreed with the Republic of Singapore ;

Whereas, in view of the considerable disparities existing between the conditions currently governing imports of the products concerned into the Member States and in view of the particular sensitivity of the Community's textile industry, standardization of these import conditions can only be achieved progressively ; whereas the criterion to be adopted for the allocation of the Community quantitative limits should therefore be in particular the gradual adjustment of the quantities admitted under current import conditions to market supply requirements ;

Whereas steps should be taken to ensure that there is no evasion of the objectives of the Agreement by indirect imports of products originating in Singapore ;

Whereas the quantitative limits laid down by the Agreement apply to exports from Singapore ; whereas the goods imported should therefore be charged against the quantitative limit fixed for the year in which these goods were exported from Singapore ;

Whereas, for certain textile products, the Agreement provides for a consultation procedure enabling safeguard measures to be adopted where there is real risk of market disruption ; whereas, in accordance with this procedure, the Republic of Singapore has undertaken to apply voluntary restraint in respect of exports of certain textile products to certain Member States ; whereas compliance with these quantitative limits will be guaranteed by a system of bilateral checking ;

Whereas, to this end, quantitative limits should be fixed for imports of these products into the Member States in question and detailed rules laid down for their administration by the Member States ;

Whereas the Agreement provides that those products which enter the Community's customs territory under inward processing or other temporary importation arrangements and are re-exported therefrom in their original state or after processing should not be charged against the agreed quantitative limits ;

Whereas, account being taken of Article 12 of the Arrangement regarding international trade in textiles, on which the Agreement is based, the latter does not apply to textile products of silk, of flax or of ramie ;

Whereas the quantitative limits established for 1975 under the Agreement have not been fully used; whereas the Republic of Singapore has notified the Community of its intention to carry over to 1976 the unused portions of the quantitative limits for 1975, to the extent allowed under Article 7 of the Agreement,

HAS ADOPTED THIS REGULATION:

Article 1

1. Imports into the Community of the textile products listed in Annex A, originating in Singapore and exported between 1 January 1976 and 31 December 1977, shall be subject to the quantitative limits agreed between the Community and the Republic of Singapore and set out in that Annex.

2. The quantitative limits shall be allocated among the Member States in accordance with the procedure laid down in Council Regulation (EEC) No 1023/70 of 25 May 1970 establishing a common procedure for administering quantitative quotas (1), and in particular in Article 11 thereof, in such a way as to ensure the expansion and orderly development of trade in textiles and to permit amounts to be carried over or brought forward from one year to another.

However, the allocation shall be made on the basis of the import volumes admitted under the conditions currently applied in the Member States and shall provide for annual rates of increase which are appreciably higher for those Member States whose import volumes are relatively the lowest, in such a way that this allocation is gradually aligned with market supply requirements.

3. The competent authorities of the Member States concerned shall, within the quantitative limits prescribed, automatically authorize the import of the products referred to in paragraph 1 immediately upon production by the importer of the original of the export licence issued by the competent authorities of the Republic of Singapore and containing the details set out in Annex C.

4. Authorized imports shall be charged against the quantitative limits valid for the year during which the products were taken aboard within the territory of Singapore for export to the Community.

5. Products which enter the Community's customs territory under inward processing or other temporary importation arrangements and are re-exported therefrom in their original state or after processing shall not be charged against the quantitative limits referred to in paragraph 1.

(1) OJ No L 124, 8. 6. 1970, p. 1.

Article 2

1. Save as otherwise provided in paragraphs 2 and 3, imports into the Community of the textile products listed in Annex B and originating in Singapore shall not be subject to quantitative restrictions.

2. In the Member States specified in Annex B, imports of the textile products referred to in paragraph 1 and exported from Singapore between 1 January 1976 and 31 December 1977 shall be subject to the quantitative limits given in that Annex.

These quantitative limits may be modified according to the procedure laid down by Regulation (EEC) No 1023/70, and in particular Article 11 thereof.

3. Paragraphs 3, 4 and 5 of Article 1 shall apply to the quantitative limits referred to in this Article.

Article 3

Imports into the Community of the textile products referred to below, originating in Singapore and accompanied by a certificate which is issued and endorsed by the competent authorities of the Republic of Singapore and contains the details set out in Annex D, shall not be subject to quantitative restrictions:

(a) cotton handloom fabrics of the cottage industry, containing not more than 5 % by weight of man-made fibres, being fabrics which are both traditionally of the kind woven on handlooms and actually woven on a loom for which the motive power is provided entirely by the operators (that is, where the three primary movements of weaving, namely shedding, picking and beating, are induced by hand or foot and no other source of power is used);

(b) goods made up by the cottage industry from such cotton handloom fabrics;

(c) traditional Singapore folklore handicraft textile products cut, sewn or otherwise fabricated by hand in cottages which are units of the cottage industry.

Article 4

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 18 January 1977.

For the Council

The President

Anthony CROSLAND
