COMMISSION REGULATION (EEC) No 1470/77

of 30 June 1977

laying down special rules for the application of the system of import and export licences for isoglucose and amending Regulation (EEC) No 193/75

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1111/77 of 17 May 1977 laying down common provisions for isoglucose [1], and in particular Article 2 (2) thereof,

Whereas a system of import and export licences is applicables to the products specified in Article 1 of Regulation (EEC) No 1111/77; whereas Commission Regulation (EEC) No 193/75 of 17 January 1975 laying down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products [2], as last amended by Regulation (EEC) No 773/77 [3], should be extended to cover these products;

Whereas special rules should be laid down for the application of the system of licences in respect of those products; whereas such special rules either supplement or derogate from Regulation (EEC) No 193/75;

Whereas, in economic terms, on importation isoglucose bears a close relation to invert sugar and on exportation to the world market to glucose; whereas it is therefore appropriate to take over, as regards the period of validity of the licences and the rate of the security, the relevant rules laid down in respect of those products;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Isoglucose,
