COUNCIL REGULATION (EEC) No 1666/77

of 20 July 1977

amending Regulation (EEC) No 2757/75 as regards the accession compensatory amounts for cereals and the corresponding coefficients

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession, and in particular Article 62 (1) thereof,

Having regard to the proposal from the Commission,

Whereas the compensatory amounts applicable until 31 December 1977 for common wheat and barley were laid down in Article 1 of Council Regulation (EEC) No 2757/75 of 29 October 1975 laying down general rules for the system of accession compensatory amounts for cereals [1], as amended by Regulation (EEC) No 1620/76 [2]; whereas, in accordance with Article 55 (2) of the Act of Accession, these amounts correspond to the difference between the prices fixed for the new Member State concerned and the common prices;

Whereas Article 52 of the Act of Accession provides that the prices fixed for the new Member States shall be aligned with the level of the common prices in six stages; whereas the most recent alignment, that for the 1977/78 marketing year, has resulted in the prices for common wheat and barley fixed by Council Regulation (EEC) No 1152/77 [3]; whereas in accordance with Article 55 (2) of the Act of Accession, the difference between these prices and the common prices constitutes the accession compensatory amount for the new marketing year;

Whereas Council Regulation (EEC) No 2757/75 fixed coefficients to be applied to the compensatory amount for the reference cereal; whereas, in accordance with Article 2 (2) of that Regulation, these coefficients are to be progressively aligned;

HAS ADOPTED THIS REGULATION:
