COMMISSION REGULATION (EEC) No 2376/77

of 28 October 1977

amending Regulation (EEC) No 3113/76 as regards the fixing of the standard values for certain fishery products withdrawn from the market

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 100/76 of 19 January 1976 on the common organization of the market in fishery products (1), as amended by Regulation (EEC) No 2429/76 (2), and in particular Article 11 (5) thereof,

Whereas Commission Regulation (EEC) No 3113/76 of 21 December 1976 fixing the standard values to be used in calculating financial compensation in respect of fishery products withdrawn from the market during the 1977 fishing year (3) fixed those values for the 1977 fishing year;

Whereas the second subparagraph of Article 11 (3) of Regulation (EEC) No 100/76 provides that the standard values are to be changed if major and lasting price variations are recorded on Community markets;

Whereas since the standard values were last fixed, the prices of certain products withdrawn from the market and intended for uses other than human consumption have undergone a major variation which may be expected to continue for some time; whereas the price of certain products has developed divergently in different regions of the Community; whereas the granting of a single amount of financial compensation does not sufficiently take into account the existing situation in these regions; whereas the standard value should be altered by fixing different standard values for certain products in the regions in question;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION:
