COMMISSION REGULATION (EEC) No 2722/77

of 6 December 1977

amending Regulation (EEC) No 646/75 establishing Community surveillance over imports of slide fasteners

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1439/74 of 4 June 1974 on common rules for imports [1], and in particular Article 7 thereof,

Having regard to Council Regulation (EEC) No 109/70 of 19 December 1969 establishing common rules for imports from State-trading countries [2], and in particular Article 6 (1) (a) and (b) thereof,

Whereas consultations have been held within the committees set up under Article 5 of each of the said Regulations;

Whereas by Regulation (EEC) No 646/75 of 13 March 1975 [3] the Commission established Community surveillance over imports of slide fasteners; whereas this surveillance was extended by Regulations (EEC) No 1457/76 [4], and (EEC) No 1268/77 [5];

Whereas Article 3 of Regulation (EEC) No 646/75 recommends that for slide fasteners the declaration or application by the importer shall in particular contain details of quantities imported, expressed in 100 pieces;

Whereas these details will only give an approximate indication of the volume of imports due to the different lengths of the pieces; whereas it is therefore necessary to indicate the quantities of fasteners in metres,

HAS ADOPTED THIS REGULATION:

Article 1

Article 3 of Regulation (EEC) No 646/75, extended by Regulations (EEC) No 1457/76 and (EEC) No 1268/77, is hereby replaced by the following text:

'Article 3

The declaration or application by the importer as provided for in Article 8 of Regulation (EEC) No 1439/74 and in Article 6 (1) (b) of Regulation (EEC) No 109/70 shall contain in addition to the details prescribed therein, a breakdown of quantities (in metres for the fasteners and by piece or metre for their parts) and of the unit price (cif free-at-frontier) of each product imported, precisely defined by reference to its essential technical characteristics (constituent materials and dimensions).'

Article 2

This Regulation shall enter into force on 1 January 1978.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 6 December 1977.

For the Commission

Lorenzo NATALI

Vice-President
