COMMISSION REGULATION (EEC) No 1519/78

of 30 June 1978

fixing the amount of the supplementary aid for dehydrated fodder for April, May and June 1978

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1117/78 of 22 May 1978 on the common organization of the market in dried fodder (1), and in particular Article 5 (3) thereof,

Whereas Article 5 of Regulation (EEC) No 1117/78 provides that a supplementary aid is to be granted for dried fodder produced from plants harvested in the Community when the guide price is higher than the world market price referred to in the first indent of Article 1 (b) for dehydrated fodder; whereas for the 1978/79 marketing year this aid for dehydrated fodder is 70 % of the difference between these two prices;

Whereas Council Regulation (EEC) No 1118/78 of 22 May 1978 fixing the flat-rate production aid and the guide price for dried fodder for the 1978/79 marketing year (2) fixed the guide price at 103 units of account per tonne; whereas, since this price is higher than the world market price for the months of April, May and June 1978, the supplementary aid for each of these months should be fixed at the levels set out below;

Whereas Article 17 of Regulation (EEC) No 1117/78 provides that the abovementioned aid system shall apply to dehydrated fodder from the beginning of the 1978/79 marketing year;

Whereas Council Regulation (EEC) No 865/77 of 26 April 1977 (3) fixed the production aid for dehydrated fodder at 9·55 units of account per tonne; whereas the period of duration of the production aid system for dehydrated fodder was extended by Regulation (EEC) No 508/78 (4) to 30 June 1978;

Whereas, in these circumstances, the production aid for dehydrated fodder for the preceding marketing year should be deducted from the supplementary aid for the first three months of this marketing year,

HAS ADOPTED THIS REGULATION:

Article 1

1. The supplementary aid provided for in Article 5 of Regulation (EEC) No 1117/78 for the products referred to in the first indent of Article 1 (b) thereof shall be, for products leaving the dehydration undertaking during the relevant month, as follows:

— April 1978 22·693 units of account per tonne,
— May 1978 22·265 units of account per tonne,
— June 1978 21·094 units of account per tonne.

2. However, the amounts to be granted shall be reduced by 9·55 units of account per tonne.

Article 2

This Regulation shall enter into force on the day following its publication in the *Official Journal of the European Communities.*

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 30 June 1978.

For the Commission

Finn GUNDELACH

Vice-President
