COMMISSION REGULATION (EEC) No 661/78
of 3 April 1978

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2705/77 of 28 November 1977 establishing preferential tariffs in respect of certain products originating in developing countries (1), and in particular Article 4 (2) thereof,

Whereas Article 1 (3) and (4) of that Regulation provides that customs duties may, for each category of products, be suspended up to a Community ceiling, expressed in units of account, which will be equal — with the exception of certain products the value of the ceilings for which is given in Annex A thereto — to the sum arrived at by adding together the value of the products in question imported cif into the Community in 1974 and coming from countries and territories covered by those arrangements, but not including products coming from countries and territories already covered by various preferential tariff arrangements established by the Community, and 5 % of the value of 1975 cif imports coming from other countries and from countries and territories already covered by such arrangements ;

Whereas, however, for products falling within subheadings 27.10 A III, B III, C I c), C II c) and C III c) and d) the Community ceilings as defined in Article 1 (3) is set at 703 500, 275 000 and 1 700 000 tonnes respectively ;

Whereas, having regard to that ceiling and for the same subheadings, the maximum Community amount refered to in Article 1 (4) of the afore-said Regulation is reconduced to 20 % (2) ;

Whereas Article 2 (2) and (3) of that Regulation provides that the levying of customs duties may be re-established at any time in respect of imports of the products in question originating in any of the said countries or territories — with the exception of those listed in Annex C thereto — once the relevant Community amount has been reached ;

Whereas, in respect of medium oils, for other purposes, falling within subheading 27.10 B III and originating in Libya, a country covered by preferential tariff arrangements, charges in the Community reached on 17 March 1978 the maximum amount of 55 000 tonnes ; whereas, bearing in mind the objectives of Regulation (EEC) No 2705/77 which provides that maximum amounts should not be exceeded, customs duties should be re-established in respect of the products in question in relation to Libya,
