# COMMISSION REGULATION (EEC) No 671/78

## of 3 April 1978

## making the importation of certain textile products originating in State-trading countries subject to common rules for authorization and quantitative limitation

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 109/70 of 19 December 1969 establishing common rules for imports from State-trading countries [1], and in particular Article 7 thereof,

Having consulted the Advisory Committee set up by Article 5 of Regulation (EEC) No 109/70,

Whereas imports of textile products from all third countries already in 1976 accounted for a considerable share of the Community market; whereas this share has since increased further;

Whereas there has been a substantial increase in imports from the supplier countries on the Community market; whereas all these factors have given rise to disruption on the market and are causing serious damage to Community products;

Whereas in consequence of this situation imports of certain textile products originating in most of the third countries are at present subject to a Community system of authorization and quantitative limitation;

Whereas in view of the amendments introduced by the Community to the commercial policy for textiles from 1978 it is necessary to adapt the unilateral import arrangements applicable to State-trading countries to the requirements of that policy;

Whereas Council Decision 77/809/EEC of 20 December 1977 amending for 1978 the import quotas laid down by Decision 75/210/EEC on unilateral import arrangements in respect of State-trading countries [2] has established provisional arrangements for imports into the Community of certain textile products which are to be replaced by definitive import arrangements;

Whereas the Community must resolve to establish on 1 January 1979 unilateral import arrangements in respect of State-trading countries in accordance with the new textile commercial policy, in order to ensure that such unilateral commercial policy is consistent with the Community's contractual commercial policy in this sector;

Whereas Community quantitative import quotas should be established with immediate effect for certain particularly sensitive textile products originating in certain State-trading countries;

Whereas these arrangements must be administered in accordance with Council Regulation (EEC) No 1023/70 of 25 May 1970 establishing a common procedure for administering quantitative quotas [3];

Whereas it is necessary to establish the size of these quotas and their allocation between the Member States;

[2] OJ No L 360, 31. 12. 1977, p. 1.

[3] OJ No L 124, 8. 6. 1970, p. 1.

Whereas, because of the considerable disparities between the conditions to which imports into Member States of the products in question are at present subject and because of the particular sensitivity of the Community textile industry, harmonization of these import conditions can only be achieved gradually; whereas, to this end, the allocation of the Community quantitative quotas should be effected on the basis of the quantities imported by the different Member States in 1976, while making certain adjustments, to enable it progressively to approach the supply needs of the market;

Whereas it is necessary to provide that products introduced into the Customs territory of the Community under the inward processing rules or under other temporary admission rules and re-exported therefrom in the same state or after processing are not to be set off against the quantitative quotas introduced by this Regulation;

Whereas imports of the textile products in question under the outward processing rules should not be set off against the quotas fixed by this Regulation where specific quotas for such imports exist by virtue of another Council Decision,

HAS ADOPTED THIS REGULATION:

*Article 1*

Entry into free circulation in the Community of the textile products listed in the Annex and originating in the State-trading countries listed therein shall be subject to the presentation of an import authorization or equivalent document issued by the authorities of the Member States, within the limits of the quotas and according to the detailed rules laid down by this Regulation.

*Article 2*

1. For the period 1 January to 31 December 1978 the import into the Community of the textile products referred to in Article 1 shall be subject to the Community quantitative quotas fixed in the Annex.

2. The quotas shall be administered in accordance with the provisions of Regulation (EEC) No 1023/70.

3. Products which are brought into the customs territory of the Community under inward processing arrangements or under other temporary admission arrangements and declared to be intended for re-export therefrom in the same state or after processing shall not be charged against the quotas.

The release for free circulation of products brought into the customs territory of the Community under the conditions defined in the preceding subparagraph shall be subject to the presentation of an import authorization issued in accordance with Article 1.

4. Imports of the textile products listed in the Annex effected under the outward processing rules shall not be charged against the quotas where specific quotas for such imports exist by virtue of a Council Decision.

*Article 3*

1. Quotas shall be allocated between the Member States in accordance with the criteria determined by paragraph 2.

2. The allocation shall have as its aim the ordered expansion and development of trade in textile products.

Nevertheless, it shall be effected on the basis of the quantities imported by the different Member States in 1976, while making certain adjustment to enable it progressively to approach the supply needs of the market.

3. The quota shares allocated to Member States are set out in the Annex. They may be amended in accordance with the provisions of Regulation (EEC) No 1023/70.

*Article 4*

1. The authorities of the Member States shall issue the import authorizations provided for by Article 1 to the amount of their quota shares and in accordance with the detailed rules laid down in Regulation (EEC) No 1023/70.

2. Imports carried out on the basis of import authorizations issued in accordance with paragraph 1 shall be charged against the quota share of the Member State issuing these authorizations.

*Article 5*

Where an import quota established by Decision 77/809/EEC covers without distinction products listed in the Annex and other products, import authorizations issued in accordance with Article 1 and imports effected on the basis of these authorizations shall be charged both against the quota share of the Member State concerned, in accordance with this Regulation, and against the said quota.

*Article 6*

1. Import authorizations or equivalent documents issued during the period between 1 January 1978 and the date of entry into force of this Regulation in accordance with Decision 77/809/EEC shall be valid for the purposes of Article 1.

2. These authorizations or documents and the imports effected on the basis of them shall be charged against the quota share of the Member State issuing the authorizations or documents.

*Article 7*

1. This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities.*

2. It shall apply until the entry into force of the appropriate measures to be taken by the Council in accordance with Articles 7 (6) and 8 of Regulation (EEC) No 109/70 or until the end of a period of six weeks after it enters into force, whichever is the earlier.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 3 April 1978.
