# COMMISSION REGULATION (EEC) No 1008/79

## of 22 May 1979

## fixing for the 1979/80 marketing year the amounts of the levy in connection with the offsetting of storage costs for sugar

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3330/74 of 19 December 1974 on the common organization of the market in sugar (1), as last amended by Regulation (EEC) No 1396/78 (2), and in particular the last subparagraph of Article 8 (3) thereof,

Whereas Article 8 (1) of Regulation (EEC) No 3330/74 provides that storage costs for sugar and syrups shall be reimbursed at a flat rate by the Member States;

Whereas Article 8 (1) of Regulation (EEC) No 3330/74 also provides that the Member States shall charge a levy on sugar manufacturers and on importers or refiners of preferential sugar;

Whereas Article 6 of Council Regulation (EEC) No 1358/77 of 20 June 1977 laying down general rules for offsetting storage costs for sugar (3), as last amended by Regulation (EEC) No 3042/78 (4), provides that the amount of the levy for Community sugar shall be calculated by dividing the total estimated reimbursement by the estimated quantity of sugar which will be marketed during the sugar marketing year in question and produced within the maximum quotas; whereas the total estimated reimbursement is to be increased or decreased as the case may be by the amounts carried forward from previous sugar marketing years;

Whereas Article 8 (3) of Regulation (EEC) No 3330/74 provides that the monthly reimbursement amount shall be fixed by the Council simultaneously with the derived intervention prices; whereas, pending such fixing and for the purpose of calculating the amounts of the levy, the amount of reimbursement at present in force and proposed to the Council for 1979/80 should be retained at 0·30 unit of account per 100 kilograms of white sugar which expressed in ECU amounts to 0·363;

Whereas, pursuant to Article 4 of Regulation (EEC) No 1358/77, the quantity in store to be taken into account for the reimbursement of any one month's storage costs is equal to the arithmetic mean of the quantities held in store at the beginning and at the end of the month in question; whereas, for the 1979/80 marketing year, the quantities of Community sugar in store each month may be estimated by reference to estimated stocks at the beginning of the marketing year, estimated monthly production and the quantities likely to be marketed for domestic consumption or exported during the same month; whereas total average monthly stocks during the 1979/80 marketing year can be estimated at approximately 67 million tonnes of sugar expressed in white value; whereas the total reimbursement for Community sugar can thus be estimated at approximately 242·8 million ECU for the 1979/80 marketing year; whereas the balance of previous sugar marketing years can be estimated at a positive amount of 6·6 million ECU; whereas the detailed rules for the application of the system of offsetting storage costs for sugar provide that the levy is to be fixed per 100 kilograms of white sugar; whereas the quantity of Community sugar which will be marketed during the 1979/80 marketing year for home consumption or for export may be estimated at approximately 10·8 million tonnes of sugar expressed in white value; whereas the amount of the levy for Community sugar should therefore be 2·176 ECU per 100 kilograms of white sugar;

Whereas Article 7 of Regulation (EEC) No 1358/77 specifies that the amount of the levy for preferential sugar shall be calculated in the same way; whereas total average monthly stocks during the 1979/80 marketing year can be estimated at approximately 2·7 million tonnes of sugar expressed in white value; whereas the total reimbursement for preferential sugar can thus be estimated at approximately 9·7 million ECU for the 1979/80 marketing year; whereas the total estimated reimbursement for preferential sugar shall be increased or decreased, as the case may be, by the amounts carried forward from previous sugar marketing years; whereas the balance of previous sugar marketing years can be estimated at a positive amount of 2·2 million ECU; whereas the quantity of preferential sugar to which the levy will apply during the same period may be estimated at 1·3 million tonnes of sugar expressed in white value; whereas the amount of the levy for preferential sugar should therefore be 0·592 ECU per 100 kilograms of white sugar;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

(1) OJ No L 359, 31. 12. 1974, p. 1.
(2) OJ No L 170, 27. 6. 1978, p. 1.
(3) OJ No L 156, 25. 6. 1977, p. 4.
(4) OJ No L 361, 23. 12. 1978, p. 8.

HAS ADOPTED THIS REGULATION :

*Article 1*

1. For the 1979/80 marketing year, the amount of the levy referred to in the third subparagraph under (a) of Article 8 (1) of Regulation (EEC) No 3330/74 is hereby fixed at 2·176 ECU per 100 kilograms of white sugar.

2. For the 1979/80 marketing year, the amount of the levy referred to in the third subparagraph under (b) and (c) of Article 8 (1) of Regulation (EEC) No 3330/74 is hereby fixed at 0·592 ECU per 100 kilograms of white sugar.

*Article 2*

This Regulation shall enter into force on 1 July 1979.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 22 May 1979.
