COMMISSION REGULATION (EEC) No 1505/79

of 18 July 1979

enabling short-term private storage contracts to be concluded for table wines closely related economically to the R II type of table wine

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 337/79 of 5 February 1979 on the common organization of the market in wine (1), and in particular Article 7 (6) thereof,

Whereas the second subparagraph of Article 7 (2) of the aforesaid Regulation provides that, if the state of the market so requires, a decision may be taken to allow short-term storage contracts to be concluded in respect of table wines other than those of the type for which this possibility exists, where such table wines are closely related economically to that type of table wine ;

Whereas Commission Regulation (EEC) No 1251/79 (2) enabled short-term private storage contracts to be concluded for the R II type of table wine ;

Whereas table wine prices on the Community market are at present falling ; whereas this trend has been marked by the fact that intervention measures have had to be brought into effect for the R II type of table wine ; whereas, however, large quantities of red table wines that are closely related economically to the R II type of table wine are on the market and are subject to the general decline in prices ;

Whereas these red table wines that are closely related economically to the R II type of table wine are not covered by the said intervention measures, and consequently may prevent the measures taken from having the effect desired ; whereas, therefore, provision should be made to enable storage contracts to be concluded for such table wines ;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Wine,

HAS ADOPTED THIS REGULATION :
