COMMISSION REGULATION (EEC) No 163/79

of 30 January 1979

fixing, for certain products processed from fruit and vegetables, the export refunds provided for in Article 6 of Regulation (EEC) No 516/77

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 516/77 of 14 March 1977 on the common organization of the market in products processed from fruit and vegetables (1), as amended by Regulation (EEC) No 1152/78 (2), and in particular the third subparagraph of Article 6 (2) thereof,

Whereas Article 6 of Regulation (EEC) No 516/77 provides that, where required in order to permit the exportation on the basis of prices ruling in international trade of economically important products not containing added sugar being products listed in Article 1, the difference between the aforesaid prices and Community prices may be covered by an export refund;

Whereas Article 2 of Council Regulation (EEC) No 519/77 of 14 March 1977 laying down general rules for granting export refunds on products processed from fruit and vegetables and criteria for fixing the amount of such refunds (3) provides that refunds are to be fixed taking into account the existing situation and future trends with regard, on the one hand, to prices and availabilities on the Community market of products processed from fruit and vegetables and, on the other hand, to prices ruling in international trade; whereas account also has to be taken of the costs referred to in (b) of the said Article and of the economic aspect of the proposed exports;

Whereas Article 3 of Regulation (EEC) No 519/77 provides that when prices on the Community market are being determined account shall be taken of the ruling prices which are most favourable from the point of view of exportation; whereas when prices in international trade are being determined account is to be taken of the prices referred to in paragraph 2 of the said Article;

Whereas orange juice and stalked and stoned cherries preserved in a sulphurous solution are economically important products to which no sugar has been added;

Whereas since the refund fixed in accordance with Article 5 of Regulation (EEC) No 516/77 is insufficient to enable the export of cherries preserved by sugar, the refund provided for in Article 6 of Regulation (EEC) No 516/77 should be applied to this product;

Whereas it follows from applying these rules and criteria to the present situation on the market, and in particular to prices within the Community and on the world market for products processed from fruit and vegetables, that the refund should be fixed as indicated below;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Products Processed from Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds provided for in Article 6 of Regulation (EEC) No 516/77 shall be as specified in the Annex hereto.

Article 2

This Regulation shall enter into force on 1 February 1979.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 30 January 1979.
