COMMISSION REGULATION (EEC) No 2082/79
of 26 September 1979
laying down general rules for the granting of additional aid for castor seeds

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1610/79 of 24 July 1979 introducing additional aid for castor seeds for the 1979/80, 1980/81 and 1981/82 marketing years [1], and in particular Article 3 (2) thereof,

Having regard to Council Regulation (EEC) No 1795/79 of 10 August 1979 laying down general rules for the granting of additional aid for castor seeds [2], and in particular Article 4 thereof,

Whereas, in order to facilitate the application of the system of aid, and for the purposes of the checks referred to in Article 3 (1) of Regulation (EEC) No 1795/79, it appears advisable that the conversion rate to be applied to the minimum price referred to in Article 2 of Regulation (EEC) No 2874/77 [3] and to the additional aid should be that applicable on the starting date of the marketing year;

Whereas, in order to facilitate the proper management of the system of aid, it is advisable that Member States should communicate to the Commission the quantities of seeds eligible for the additional aid;

Whereas under the second indent of Article 2 of Regulation (EEC) No 1610/79 the additional aid is to be granted on condition that the selling price stipulated in the contracts concluded with the producers is not less than the minimum price referred to in Article 2 of Regulation (EEC) No 2874/77 plus the amount of the additional aid; whereas on the final date for the submission of the contracts for the 1979/80 marketing year neither the said minimum price nor the amount of the additional aid had been fixed; whereas, in order to enable producers to qualify for the aid, it should be made possible, in accordance with Article 4 of Regulation (EEC) No 1795/79, to amend the contracts submitted, for the purpose of complying with the abovementioned conditions;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,

HAS ADOPTED THIS REGULATION:
