COMMISSION REGULATION (EEC) No 2308/79

of 19 October 1979

re-establishing the levying of customs duties on nets and netting made of twine, cordage or rope, etc., falling within heading No 59.05 and originating in South Korea, to which the preferential tariff arrangements set out in Council Regulation (EEC) No 1195/79 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1195/79 of 12 June 1979 opening, allocating and providing for the administration of Community tariff preferences for textile products originating in developing countries and territories (1), and in particular Article 4 thereof,

Whereas Article 2 (1) and (3) of that Regulation provides that customs duties may, for each category of products listed in Annex C to that Regulation, be suspended up to a Community ceiling equal to 96 % of the sum arrived at by adding together the value of the products in question, in tonnes, imported into the Community in 1968 and coming from countries listed in Annex D thereto, but not including products coming from countries already covered by various preferential tariff arrangements established by the Community, and 5 % of the 1970 tonnage of such imports coming from other countries and from countries already covered by such arrangements; whereas, having regard to that ceiling, the amounts for products originating in any one of the countries listed in Annex D should be within a maximum Community amount representing 50 % of that ceiling, with the exception of certain products for which the maximum amount is to be reduced to the percentage indicated in Annex C to the abovementioned Regulation;

Whereas Article 3 (2) of that Regulation provides that the levying of customs duties may be re-established at any time in respect of imports of the products in question originating in any of the said countries and territories, with the exception of countries listed in its Annex E, once the relevant Community maximum amount has been reached;

Whereas, in respect of nets and netting made of twine, cordage or rope, etc., falling within heading No 59.05, the ceiling, calculated as indicated above, should be 27·3 tonnes, and therefore the maximum amount is 13·65 tonnes; whereas on 10 October 1979 the amounts of imports into the Community of nets and netting made of twine, cordage or rope, etc., falling within heading No 59.05 and originating in South Korea, a country covered by preferential tariff arrangements, reached that maximum amount; whereas, bearing in mind the objectives of Regulation (EEC) No 1195/79 which provides that maximum amounts should not be exceeded, customs duties should be re-established in respect of the products in question in relation to South Korea,
