COMMISSION REGULATION (EEC) No 2690/79
of 29 November 1979
re-establishing the levying of customs duties on woven fabrics of sheep's or lambs' wool or of fine animal hair, falling within heading No 53.11 and originating in Argentina, to which the preferential tariff arrangements set out in Council Regulation (EEC) No 1195/79 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1195/79 of 12 June 1979 opening, allocating and providing for the administration of Community tariff preferences for textile products originating in developing countries and territories (1), and in particular Article 4 thereof,

Whereas Article 2 (1) and (3) of that Regulation provides that customs duties may, for each category of products listed in Annex C to that Regulation, be suspended up to a Community ceiling equal to 96 % of the sum arrived at by adding together the value of the products in question, in tonnes, imported into the Community in 1968 and coming from countries listed in its Annex D, but not including products coming from countries already covered by various preferential tariff arrangements established by the Community, and 5 % of the 1970 tonnage of such imports coming from other countries and from countries already covered by such arrangements ; whereas, having regard to that ceiling, the amounts for products originating in any one of the countries listed in Annex D should be within a maximum Community amount representing 50 % of that ceiling, with the exception of certain products for which the maximum amount is to be reduced to the percentage indicated in Annex C to the abovementioned Regulation ; whereas, for those products, this reduced percentage will be 20 % ;

Whereas Article 3 (2) of that Regulation provides that the levying of customs duties may be re-established at any time in respect of imports of the products in question originating in any of the said countries and territories, with the exception of countries listed in its Annex E, once the relevant Community maximum has been reached ;

Whereas, in respect of woven fabrics of sheep's or lambs' wool or of fine animal hair, falling within heading No 53.11, the ceiling, calculated as indicated above, should be 393·8 tonnes, and therefore the maximum amount is 78·76 tonnes ; whereas on 22 November 1979 the amounts of imports into the Community of woven fabrics of sheep's or lambs' wool or of fine animal hair, originating in Argentina, a country covered by preferential tariff arrangements, reached that maximum amount ; whereas, bearing in mind the objectives of Regulation (EEC) No 1195/79 which provides that maximum amounts should not be exceeded, customs duties should be re-established in respect of the products in question in relation to Argentina,
