COUNCIL REGULATION (EEC) No 2792/79

of 10 December 1979

establishing in respect of certain products falling within Chapters 1 to 24 of the Common Customs Tariff a scheme of generalized preferences in favour of developing countries

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation (EEC) No 1059/69 of 28 May 1969 laying down the trade arrangements applicable to certain goods resulting from the processing of agricultural products [1], and in particular Article 12 thereof,

Having regard to the proposal from the Commission [2],

Having regard to the opinion of the European Parliament [3],

Having regard to the opinion of the Economic and Social Committee [4],

Whereas, within the context of Unctad, the European Economic Community offered to grant tariff preferences on certain processed agricultural products of Chapters 1 to 24 of the Common Customs Tariff which originate in developing countries; whereas the preferential treatment proposed in that offer consists, in respect of certain goods which are subject to the trade arrangements laid down in Regulation (EEC) No 1059/69, of a reduction in the fixed component of the charge applicable to such goods by virtue of that Regulation, and, in respect of products which are subject to the single customs duty, of a reduction in such duty; whereas preferential imports of the products concerned should be effected without quantitative restrictions;

Whereas the offer made by the Community includes a clause stating that the Community drew up the offer on the assumption that all the main industrialized countries which are members of the OECD would participate in granting preferences and would make similar efforts in this direction; whereas, moreover, it is evident from the conclusions worked out in Unctad that this offer, while being of a temporary nature, does not constitute a binding commitment and, in particular, may be withdrawn wholly or in part at a later date; whereas this possibility may be adopted *inter alia* with a view to remedying any unfavourable situations which might arise in the ACP States following the implementation of the generalized preference scheme;

Whereas, moreover, the conference of the Heads of State or of Government of the Member States and the States acceding to the European Communities held in Paris from 19 to 21 October 1972 invited the Community institutions and the Member States progressively to adopt an overall policy of development cooperation on a world-wide scale comprising in particular the improvement of generalized preferences with the aim of achieving a steady increase in imports of manufactures from the developing countries;

Whereas, in accordance with Protocol 23 to the Act of Accession [5], the generalized tariff preference scheme became fully applicable in the new Member States on 1 January 1974;

Whereas it is expedient, therefore, that the Community should authorize the importation of the products referred to in Annex A, originating in the countries and territories listed in Annex B, subject to the customs duties given in respect of each of them, throughout 1980; whereas the benefit of such preferential terms should be reserved for products originating in the countries and territories under consideration, the concept of 'originating products' being determined in accordance with the procedure laid down in Article 14 of Council Regulation (EEC) No 802/68 of 27 June 1968 on the common definition of the concept of the origin of goods [6];

Whereas, however, in the multilateral trade negotiations, in accordance with paragraph 6 of the Tokyo Declaration, the Community reaffirmed that special treatment should be granted to the least developed among the developing countries whenever this is possible; whereas, therefore, the products listed in Annex A originating in the least developed developing countries appearing on the list drawn up under United Nations Resolution 3487 (XXX) of 12 December 1975 should not be subject to customs duties;

Whereas measures should be provided for which will enable any serious disruption in any sector of the economic activity of the Community to be avoided; whereas, to this end, the Commission should be empowered to re-introduce partially or wholly the levying of customs duties in order that such disruption may be avoided;

Whereas the Commission must be able to have access to information concerning imports effected within the framework of generalized preferences; whereas, to this end, Member States shall inform the Commission every three months of imports actually effected, classified by origin,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1980, Community imports of the products listed in Annex A shall benefit from the customs duties specified for each product.

2. The treatment provided for in paragraph 1 shall be enjoyed solely by products originating in the countries and territories listed in Annex B.

For the purpose of the application of this Regulation, the concept of originating products shall be determined in accordance with the procedure laid down in Article 14 of Regulation (EEC) No 802/68.

3. The products listed in Annex A originating in the countries listed in Annex C shall be imported into the Community free of customs duties.

'Tequila' falling within subheading 22.09 C V ex a) shall qualify for the preferential system subject to the production of a certificate of authenticity appearing in the certificate of origin and drawn up according to the procedure referred to in the second subparagraph of paragraph 2.

Article 2

When products benefiting from the treatment provided for in Article 1 are imported into the Community in such quantities or at such prices that Community producers of products similar to or in direct competition with them suffer or are likely to suffer from serious disadvantage, the levying of customs duties may be re-introduced in whole or in part on the products in question in respect of the countries or territories which are the cause of the disadvantage. Such measures may also be taken in the case of actual or potential serious disadvantage in a single region of the Community.

Article 3

1. The Commission may decide, by means of a Regulation, to re-introduce the levying of customs duties for a specified period, in order to ensure that Article 2 is applied.

2. In the event of such action being requested by a Member State, the Commission shall decide within a period of not more than 10 working days after the request has been received and shall inform the Member States of this decision.

3. Any Member State may refer to the Council the measure taken by the Commission, within a period of not more than 10 working days after it has been informed thereof. The fact that the matter is referred to the Council shall not cause the measure to be suspended. The Council shall meet immediately. It may, by acting on a qualified majority, amend or rescind the measure in question.

Article 4

Articles 2 and 3 shall not prejudice the application of the protective clauses drawn up in connection with the common agricultural policy pursuant to Article 43 of the Treaty nor those drawn up in connection with the common commercial policy pursuant to Article 113 of the Treaty.

Article 5

Member States shall inform the Commission every three months of imports effected under this Regulation, classified by origin.

Article 6

This Regulation shall enter into force on 1 January 1980.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 10 December 1979.

For the Council

The President

T. HUSSEY
