COMMISSION REGULATION (EEC) No 2853/79

of 14 December 1979

extending the period of validity of Community surveillance over imports of certain phosphate fertilizers

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 926/79 of 8 May 1979 on common rules for imports [1], and in particular Article 7 (1) (a) thereof,

Consultations having been held within the Committee set up under Article 5 of the said Regulation,

Whereas, by Regulation (EEC) No 440/77 [2], the Commission established Community surveillance over imports of certain phosphate fertilizers; whereas this surveillance has been extended by Regulation (EEC) No 2839/77 [3], until 31 December 1978, and by Regulation No 2988/78 [4], until 31 December 1979;

Whereas the reasons which originally led the Commission to take such actions, that is to say the considerable pressure exercised by imports into the Community of certain phosphate fertilizers and the resultant threat of injury to Community producers of like or directly competing products, continue to apply;

Whereas it is therefore necessary to prolong surveillance,

HAS ADOPTED THIS REGULATION:

Article 1

The period of validity of Regulation (EEC) No 440/77 is hereby extended to 31 December 1980.

Article 2

This Regulation shall enter into force on 1 January 1980. It shall apply until 31 December 1980.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 14 December 1979.

For the Commission

Antonio GIOLITTI

Member of the Commission
