COMMISSION REGULATION (EEC) No 1284/80

of 23 May 1980

amending for the second time Regulation (EEC) No 2696/77 determining the conditions of entry of goods under subheadings 04.05 B II, 11.04 ex B I and C I, 25.01 A II a) and 35.02 A I of the Common Customs Tariff

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 97/69 of 16 January 1969 on measures to be taken for uniform application of the nomenclature of the Common Customs Tariff (1), as last amended by Regulation (EEC) No 280/77 (2), and in particular Articles 3 and 4 thereof,

Whereas Commission Regulation (EEC) No 2696/77 (3), as amended by Commission Regulation (EEC) No 2035/79 (4), lays down in Annexes A to E a mandatory list of the denaturants to be used for the purpose of denaturing the goods set out therein; whereas, however, in order to allow for any unforeseen needs which might arise, that Regulation also provides that any Member State may permit the temporary use of a denaturant not so listed;

Whereas, in this case, the Member State concerned is required to notify the Commission within 30 days, giving detailed particulars of the denaturant and quantities used; whereas the Commission must inform the other Member States as soon as possible; whereas the matter must be referred to the Common Customs Tariff Nomenclature Committee pursuant to Article 2 and, where appropriate, Article 3 of Regulation (EEC) No 97/69;

Whereas a Member State has informed the Commission that it has temporarily approved the use of diethanolamine and white oil of camphor respectively as denaturants of albumins to be rendered unfit for human consumption falling within subheading ex 35.02 A I, the minimum quantity to be used having been stipulated as 6 kg of diethanolamine or 2 kg of white oil of camphor per 100 kg of albumins; whereas such Member State has requested that the said denaturants be included in Annex E to Regulation (EEC) No 2696/77; whereas the Commission has notified the other Member States accordingly;

Whereas the Common Customs Tariff Nomenclature Committee, having been apprised of the abovementioned request pursuant to Article 3 of Regulation (EEC) No 97/69, has decided that the denaturants in question permit a denaturing which fulfils all the conditions required by Regulation (EEC) No 2696/77;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Committee on Common Customs Tariff Nomenclature,

HAS ADOPTED THIS REGULATION:

Article 1
