COMMISSION REGULATION (EEC) No 2164/80

of 8 August 1980

amending for the seventh time Regulation (EEC) No 1608/76 laying down detailed rules for the description and presentation of wines and grape musts

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 337/79 of 5 February 1979 on the common organization of the market in wine (1), as last amended by Regulation (EEC) No 1988/80 (2), and in particular Article 54 (5) thereof,

Whereas Council Regulation (EEC) No 355/79 of 5 February 1979 laying down general rules for the description and presentation of wines and grape musts (3), as amended by Regulation (EEC) No 461/80 (4), consolidated Regulation (EEC) No 2133/74 (5); whereas Commission Regulation (EEC) No 1608/76 (6), as last amended by Regulation (EEC) No 730/80 (7), laid down detailed rules for the description and presentation of wines and grape musts;

Whereas, with a view to preventing different labels from being printed and affixed to containers according to the destination or nominal volume of the product as prepared for the market, provision should be made whereby certain mandatory information required for the purposes of intra-Community trade and imports into the Community may be mentioned on an additional label placed in the same field of vision as the other mandatory information;

Whereas the nominal volume of containers with a volume of not less than 5 ml and not more than 10 l suitable for putting up wines and grape musts which are the subject of intra-Community trade is governed by Council Directive 75/106/EEC of 19 December 1974 on the approximation of the laws of the Member States relating to the making-up by volume of certain prepackaged liquids (8), as amended by Directive 79/1005/EEC (9); whereas it is necessary, first, to adjust Regulation (EEC) No 1608/76 in line with the amendments to that Directive and, secondly, in order to enable the wines and grape musts already put up in containers to be disposed of, to make provision for wines and grape musts put up in containers which may not be used after the expiry of the additional period referred to in that Directive and by other Community provisions referring to that Directive to be kept for sale and released into circulation in the said containers until stocks are exhausted;

Whereas, in order to prevent the consumer from being misled as to the country in which the product was bottled, it is advisable to specify the official language or languages in which the particulars preceding the name and business name of the bottler should be indicated on the labelling; whereas the introduction of this provision requires the adoption of a temporary provision allowing the sale of bottled products until 31 December 1980;

(2) OJ No L 195, 29. 7. 1980, p. 1.
(3) OJ No L 54, 5. 3. 1979, p. 99.
(4) OJ No L 57, 29. 2. 1980, p. 36.
(5) OJ No L 227, 17. 8. 1974, p. 1.
(6) OJ No L 183, 8. 7. 1976, p. 1.

(8) OJ No L 42, 15. 2. 1975, p. 1.
(9) OJ No L 308, 4. 12. 1979, p. 25.

Whereas Hungary and the United States have requested that they be allowed to export to the Community wines bearing the name of a geographical unit on the basis of the derogations in respect of the description of imported wine which are allowable under Article 31 (3) of Regulation (EEC) No 355/79; whereas Hungary, the United States of America and New Zealand have requested that they be allowed to export to the Community wines bearing the name of a vine variety on the basis of the derogations in respect of the description of imported wines which are allowable under Article 32 (2) of that Regulation; whereas Hungary has requested that it be allowed to export to the Community wines bearing a vintage year on the basis of the derogations in respect of the description of imported wine which are allowable under Article 33 (2) of that Regulation; whereas, with a view to preventing discrimination in the description of imported wine and Community wine, Regulation (EEC) No 1608/76 should be amplified along these lines;

Whereas provision has been made for the temporary use of labels not meeting the requirements of Regulation (EEC) No 355/79 and Regulation (EEC) No 1608/76 for wine for export to the United States of America or Canada, in so far, *inter alia*, as information not permitted under Community rules is required under the legislation of the United States or Canada; whereas a permanent solution allowing admission to those countries of wine labelled in conformity with Community rules alone has not yet been found; whereas, consequently, to prevent exports to those two countries from being affected, authorization should be granted after 31 August 1980 for wine exported to those two countries to continue to be labelled in accordance with the legislation of the country of importation where that differs from Community rules;

Whereas Australia, Austria, Bulgaria, Chile, the United States of America, Israel, New Zealand, Romania, Czechoslovakia and Hungary have requested that they be allowed to export to the Community wines the description of which includes particulars relating to a higher quality, geographical areas or vine varieties not provided for in Annexes I, II or IV to Regulation (EEC) No 1608/76 but which comply with the national provisions of the country in question and which may be allowed under the rules laid down in Regulation (EEC) No 355/79; whereas these Annexes should be amplified along these lines and corrected by the deletion of certain particulars;

Whereas it is advisable to prohibit, for the description of quality wines psr, the use of names of vine varieties containing a word or part thereof which would lead to confusion with the name of a geographical unit utilized for the description of an imported wine;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Wine,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 1608/76 is hereby amended in accordance with the following Articles.

Article 2

The second subparagraph of Article 1 (1) is replaced by the following:

'However:

— the mandatory information relating to the importer, or to the Member State or non-member country of origin of the product, or to the nominal volume of the product, may be given on an additional label placed in the same field of vision as the other mandatory information,

— the mandatory information relating to the consignor or importer of containers with a nominal volume exceeding 60 litres may be placed directly on the container if the other mandatory information appears on a separate label'.

Article 3

Article 3 is amended as follows:

1. Paragraphs 2 and 3 are deleted.

2. Paragraph 4 becomes paragraph 2.

3. The following paragraph is added:

'3. Pursuant to the first indent of Article 46 (2) of Regulation (EEC) No 2133/74 wines and grape must put up in containers which may not be used after the expiry of the transitional periods referred to in Article 5 of Directive 75/106/EEC

and in other applicable Community provisions may be kept with a view to sale and entry into free circulation in those containers until stocks are exhausted on condition that it can be shown, in particular by the registers referred to in Title II to Regulation (EEC) No 1153/75, that the product in question was put up in those containers before the expiry of the abovementioned transitional periods.'

Article 4

The following subparagraph is added to Article 4 (1):

'If the product is put into circulation in the Community the terms referring to the bottler specified in the first and third subparagraphs shall be given in one or more of the official languages:

— of the Member State in which the product was bottled, or

— of the Member State in which the product will be put into circulation, or

— in the case of an imported product,

— of the Member State in which the product will be put into circulation,

or

— of the non-member country in which bottling was carried out, provided that the language is also an official Community language.'

Article 5

Article 12 is replaced by the following:

'Article 12

1. By way of derogation from Article 31 (1) (a) of Regulation (EEC) No 2133/74, it shall be lawful for wines imported from:

(a) — South Africa,

— Australia,

— Israel,

— Hungary, if described by the term "minőségi bor" and not described by another term denoting superior quality as listed in Annex I, point 4,

to bear a geographical ascription contained in Annex II, even if only 85 % of the wine concerned is obtained from grapes harvested in the named production area;

(b) the United States of America on or after 1 January 1983 to be described by reference to the name of the relevant State, supplemented if appropriate by the name of the county or viticultural area as referred to below, even if:

— only 75 % of the wine concerned is obtained from grapes harvested in a State as listed in point VIII of Annex II, or in a single county whose name it bears, or

— only 85 % of the wine concerned is obtained from grapes harvested in the "viticultural area" as laid down by United States regulations,

provided the wine is obtained wholly from the State or States on whose territory this viticultural area is situated;

(c) the United States of America to be described by reference to:

— the names of two or not more than three counties, all situated in the same State, or

— the names of two or not more than three immediately neighbouring States,

provided that such wine is produced wholly from those counties or States.

2. By way of derogation from Article 32 (1) (b) of Regulation (EEC) No 2133/74, it shall be lawful for wines imported from:

(a) Austria, the United States of America and New Zealand to be described by the names of two vine varieties, provided these wines are obtained entirely from the varieties indicated;

(b) — Australia,

— Israel,

— South Africa,

— New Zealand,

— Hungary, if described by the term "minőségi bor" and not described by

another term denoting superior quality as listed in Annex I, point 4,

to bear the name of a vine variety listed in Annex IV, even if only 85 % of the wine concerned is obtained from grapes of the named variety provided that this variety determines the character of the wine concerned;

(c) the United States of America on or after 1 January 1983 to bear the name of a variety listed in Annex IV, even if only 75 % of the wine concerned is obtained from grapes of the named variety provided that this variety determines the character of the wine concerned.

3. By way of derogation from Article 33 (1) (a) of Regulation (EEC) No 2133/74, it shall be lawful for wines imported from:

(a) — South Africa,

— Australia,

— Israel,

— Hungary, if described by the term "minőségi bor" and not described by another term denoting superior quality as listed in Annex I, point 4,

to bear an indication of the harvest year, even if only 85 % of the wine concerned is obtained from grapes harvested in the year indicated;

(b) the United States of America to bear an indication of the harvest year, even if only 95 % of the wine concerned is obtained from grapes harvested in the year indicated.'

Article 6

Article 13 (3) (a) is replaced by the following:

'(a) for German wines:

—"Rotling",

—"Ehrentrudis',

—"Affentaler",

—"Badisch Rotgold",

—"Hock".

The term "Hock" may be used only for the description of a white wine bearing the name of one of the specified regions Ahr, Hessische Bergstraße, Mittelrhein, Nahe, Rheingau, Rheinhessen or Rheinpfalz and produced from the Riesling or Silvaner varieties or from their issue;'

Article 7

Article 21 is replaced by the following:

1. The third subparagraph of paragraph 1 shall read as follows:

'Labels not meeting the requirements of Regulation (EEC) No 355/79 and of this Regulation may be used for table wines and quality wines psr for export to the United States of America or Canada provided that the information not permitted on labels under Community rules required under the legislation of these countries of importation and that no confusion with quality wine psr or table wine will arise.'

2. The following subparagraph is added to paragraph 2:

'Wine originating in the United States of America, the description and presentation of which does not conform to Regulation (EEC) No 2133/74 and to this Regulation, may be held for sale and put into circulation until stocks are exhausted, provided that it has been imported into the Community not later than 31 December 1982.'

3. The following subparagraph is added to paragraph 2a:

'Wine and grape must bottled not later than 31 December 1980 which has been labelled in a manner not conforming with the fourth subparagraph of Article 4 (1) of this Regulation may be held for sale and put into free circulation.'

Article 8
