Having regard to Council Regulation (EEC) No 2788/79 of 10 December 1979 opening and providing for the administration of preferential Community tariff ceilings for certain products originating in developing countries (1), and in particular Article 4 (2) thereof,

Whereas Article 2 (1) of that Regulation provides that customs duties may be re-established at any time (on the importation of the products in question originating in any country or territory, with the exception of countries listed in Annex C to the said Regulation) once the Community ceiling has been reached ;

Whereas, in respect of glutamic acid and its salts, the ceiling, calculated as indicated above, should be 617 000 European units of account ; whereas on 6 August 1980 the amounts of imports into the Community of the products in question, originating in countries and territories covered by preferential tariff arrangements, reached that ceiling ; whereas, bearing in mind the objectives of Regulation (EEC) No 2788/79 which provides that the ceiling should not be exceeded, customs duties should be re-established in respect of the products in question,
