COUNCIL REGULATION (EEC) No 3034/80

of 11 November 1980

fixing the quantities of basic products considered to have been used in the manufacture of goods covered by Regulation (EEC) No 3033/80 and amending Regulation (EEC) No 950/68 on the Common Customs Tariff

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3033/80 of 11 November 1980 laying down the trade arrangements applicable to certain goods resulting from the processing of agricultural products (1), and in particular Article 4 (1) and the second subparagraph of Article 6 (3) thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament (2),

Having regard to the opinion of the Economic and Social Committee (3),

Whereas, in accordance with Article 4 (1) of Regulation (EEC) No 3033/80, the Council, acting by a qualified majority on a proposal from the Commission, must determine in respect of all goods covered by that Regulation the type and characteristics of the basic products which must be used when calculating the variable component to be applied to those goods and the quantity of each of such basic products considered to have been used in their manufacture;

Whereas, in accordance with the second subparagraph of Article 6 (3) of Regulation (EEC) No 3033/80, the Council must determine by the same procedure the goods in respect of which the variable component must be calculated, not on the basis of the average of the threshold prices referred to in Article 6 (2) (a) of that Regulation but on that of the price resulting from the grant of a production refund or an aid for basic or assimilated products;

Whereas, pursuant to Article 11 (1) (a) and (e) of Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals (4), as last amended by Regulation (EEC) No 1547/79 (5), a production refund may be granted for maize and common wheat used for the manufacture of starch and for the manufacture of quellmehl intended for baking; whereas, pursuant to Article 9 (1) (a) and (b) of Council Regulation (EEC) No 1418/76 of 21 June 1976 on the common organization of the market in rice (6), as last amended by Regulation (EEC) No 113/80 (7), a production refund may be granted for broken rice used in the manufacture of starch and by the brewing industry for the production of beer; whereas, pursuant to Article 9 (4) of Council Regulation (EEC) No 3330/74 of 19 December 1974 on the common organization of the market in sugar (8), as last amended by Regulation (EEC) No 1396/78 (9), a production refund may be granted for sugars used in the manufacture of certain products of the chemical industry;

Whereas, when goods in respect of which the variable component must be calculated on the basis of the price resulting from the grant of such refunds are being determined, the technical conditions under which they are manufactured must be taken into account;

Whereas Regulation (EEC) No 1060/69 (10) containing the aforementioned rules has been amended a number of times; whereas, for reasons of clarity and in the light of experience, a new version of this Regulation should be published;

Whereas the new version contains further subdivisions of the nomenclature in respect of which variable components are calculated; whereas Council Regulation (EEC) No 950/68 of 26 June 1968 on the Common Customs Tariff (11), as last amended by Regulation (EEC) No 2538/80 (12), should therefore be amended,
